To Denison, we raise our song,
Fair college on the hill,
The name that sets our souls on fire,
And makes our senses thrill.
To Denison, our Denison,
In praise our voices swell,
The scenes of happy college days,
The home we love so well.

1913 ADYTRUM

G. M. PETERS, ESQ.

G. M. Peters

AMONG Denison's older alumni there are few men who have kept as active an interest and borne so large a share of its problems as Mr. G. M. Peters. A member of the Class of '67, he has kept up active work along educational lines and for Denison is particular. And now, retired from active business, he stands at the head of Denison's trustees and devotes much of his time to his duties there.

Mr. G. M. Peters was born August 31st 1843 near Circleville, Ohio. He may be said to have begun his educational career in the year 1860. He was then living in Fairfield county, Ohio, not far from Pleasantville, and in the Fall of that year entered Fairfield Academy. By the Spring of the next year the country was all aflame with the excitement of the civil war, and Fairfield Academy, like many other schools and colleges, was almost entirely broken up by its students enlisting in the army. Mr. Peters managed to remain in school until the end of the Spring term, but before the Fall term opened he had enlisted in the 17th O. V. I., responding to President Lincoln's first call for three year men. He was engaged at the front and after eight months service he was honorably discharged on account of disability. His health was much impaired by his army experience, and it was nearly two years before he was able to resume his studies. He entered Denison University in the Spring of eighteen sixty-three and was graduated in the class of '67. After a year, during which he was preaching most of the time, he entered Rochester theological Seminary from which he was graduated in the class of '71. and was called at once to the pastorate of the first Baptist Church of Penn Yan New York which he served for nearly four years. He was then called to the Cedar Street Baptist church of Buffalo, N. Y., where he remained for

seven years. In the fall of 1881, Mr. Peters was again much broken in health—filial duties also were pressing upon him—so that he felt impelled to resign his office as pastor and entered business—first at Xenia, Ohio, and later at Cincinnati, Ohio, which has been his residence for the last twenty-five years or more. It was not Mr. Peter's intention when he entered business to abandon permanently the ministry, but circumstances over which he had no control seemed to compel his remaining in active business. He has served the King Powder Co. as president for twenty-five years and founded and organized the Peters Cartridge Co., inventing much of its machinery, and helping to plan and develop many of its policies.

He appreciates the honor bestowed upon him, of being elected a member of the Phi Beta Kappa and in having conferred upon him by his Alma Mater the degree of L.L.D. For years he was a trustee of Vassar College and President of the Board of Trustees of Rochester Theological Seminary. He has served as a trustee of Denison University, for over twenty-five years, being now president of its board, and for the same period was a trustee of the Ohio Baptist Education Society and also of the State Convention whose president he was for four years. Since his retirement from active business some two years ago, he has engaged somewhat in literary pursuits,—a life of Christ entitled, "The Master" having been recently published by him.

Mr. Peters represents a high type of successful American manhood, of staunch principles and persistent and dutiful activity. It is only with a feeling of appreciation for his services to Denison that we dedicate this *Adyutum* to him.

Foreword

THE 1913 Adytum is here. This is the announcement which we make to our interested friends who have been enquiring as to its debut. We hope that the humble effort and the time willingly given will be recompensed by some measure of appreciation and interest upon the part of the whole Denison world. If to you Denisonians, to the Alumnus far from his alma mater, to the Senior whose regret upon leaving these scenes is balanced only by his eagerness to press on to service for the world, to the Faculty through whose effort our

foundation for life is being made secure, to our fellow-classmen who have labored faithfully with us in the preparation of this volume of memories, if to you, all ye students and friends of Denison, this book recalls pleasant memories contained herein, then we have to some extent lived up to a Junior Class Ideal and can well take pride and pleasure in presenting this Twentieth Volume of the Adytum. Judge it graciously, overlooking its inevitable shortcomings and enjoying its chance virtues to the highest degree.

History of Denison University

ON a bleak December day in 1831 a little band of determined men and women met together in the half-finished Baptist meeting house where our conservatory now stands to hold exercises which should start the machinery of Denison University going.

Granville was then a thriving industrial center and held a promising position on the Ohio Canal and the Washington, D. C., Cleveland and Cincinnati stage-coach route. Although these prospects for rapid growth were a few years later shattered by the building of the railroad a number of miles to the south of the village, the institution which these early hopes had attracted to its precincts remained, to bring dignity and honor to the entire locality.

The first college, or Granville Literary and Theological Institution, as it was called, was situated in a rejuvenated farmhouse on a \$3,500 estate which Rev. Allen Darrow gave outright for school purposes. Rev. John Pratt, a graduate of Brown, was the first president and a Classical, and English course were offered.

The thirty-seven students of the first year and those enrolled for many years afterward had to chop their own fire-wood and carry water while those living in the neighborhood

suffered many hardships in traversing the country roads upon which the snow and mud was as deep and treacherous as our present promenaders find it.

One year the single building was swept away by fire, but was soon restored through the efforts of Deacon Daniel Shepardson and others. By 1847 there were three buildings lighted by oil lamps and poorly equipped, but the Denison spirit was already awake and the school pressed on.

In 1856 through the efforts of Dr. Hall, its president, the college which had been contemplating removal to some other town, compromised by pulling up stakes and moving into the village, where buildings were erected on the present site. There were hard times during the civil war but through the self-sacrifice of the professors, who allowed their salaries to be cut one-half, and the pecuniary aid of such men as Ebenezer Thresher, the college was able to survive.

The advent of the fair sex to Granville's educational circles was brought about by Charles Sawyer, who founded a girls' school in a two-story frame building on what is now Shepardson campus, in 1831. Receiving little financial assistance he was soon forced to sell out to the Episcopalian who maintained the school until 1860. Meanwhile Rev. N. S.

Burton and his wife had made a modest beginning for a school of like character in the basement of the Baptist Church. The Episcopal school soon felt the competition and sold out to the Baptists, the property being paid for by Rev. M. Stone who assumed control. It later passed into the hands of Rev. Dan'l. Shephardson from whom it received its name. In 1900 it was incorporated as a part of Denison university, the men's portion now reassuming its former name of Granville college.

Now, as to the curriculum, its first courses were literary, philosophical and disciplinary. The need for a preparatory department was early felt and accordingly established. In 1854 a scientific course was formed and about ten years later the classical course became elastic enough to admit elective studies. The engineering department was added in 1903.

The social as well as the intellectual life of the university has not been neglected. From a few desultory games of

"shinny" the whole school had now developed an absorbing interest in foot-ball, base-ball, track-work, etc.

Calliope, Franklin and Cicero Literary societies were formed before the war and Irving in 1883. The girls too upheld their part in this movement, establishing successively Euterpe, Philomathean and Thalian.

During the last few years the Central Heating and Lighting plant has been installed, Doane Gymnasium and Stone Hall built and Barney Hall rebuilt, after a bad fire in 1905. One of our most recent achievements is the acquirement of a chapter of the Phi Beta Kappa fraternity in 1911.

Thus the massive machinery, early set a-moving by those heroic men and women in 1831 still revolves smoothly on, and always with increasing power and efficiency.

May God watch over its further progress and bless its mission.

Orange and Black

YELL

Lucky, lucky, lucky we
We're as lucky as can be,
Luckiest class you ever saw,
1913 Rah! Rah! Rah!

Senior Class History

“TELL me not in mournful numbers” that ill luck attends thirteen, for when did a luckier class ever pass through the portals of Denison University than the one which proudly flaunts the banner of orange and black and answers to the name of '13?

We came to Denison, 150 strong, the largest and most promising class up to that time. Boldly we defied misfortune with the brave and optimistic words of our class yell, and then started out to justify our assertions by our deeds. In the mockbattle with our haughty predecessors, we demonstrated conclusively that we were the class that had come to stay. After courageously hauling down the 1912 banner, our boys graciously allowed their rivals to show them the way through the gravel pit, then with renewed energy they proceeded to give their bewildered opponents some lessons in football as it should be played.

The class championship in basket ball fell to the lot of our boys, and our girls proved themselves worthy members of the class of '13 by winning the Shepardson basket ball championship.

As Sophomores, we won new laurels. We taught the Freshmen proper respect for our superior ability. We furnished over half the football, basket ball and baseball squads, and devoted a fair share of attention to minor athletics. And was it not a member of '13 who made the famous touchdown and tied the score with O. S. U.? Nor were our girls outclassed in the athletic field, for again they won the coveted banner of brown and gold.

As for social affairs, when did Cleveland Hall ever witness a more original or enjoyable festive occasion than the unique and informal “stunt” of our Sophomore year?

“Each new year is better than the last.” The fame of 1913 increased in its Junior year. We rejoiced Livy's heart by again supplying about half the members of the football, basket ball and baseball squads. As in the preceding year, the 1913ers were the star players of the teams, and it was a member of 1913 who piloted the football team through a very successful season. Once again our girls took possession of the basket ball championship banner.

Along intellectual lines our record was unusual. We furnished three of the eight members of the debating teams, one of our number proving a

most efficient and eloquent captain; while the four student members of the Council of Debating and Oratory were all chosen from the class of 1913.

The Junior Banquet was an unqualified success, and the toasts were brilliant and indicative of deep thought. Who of us that were present will ever forget the keenness and brilliancy of the toast given by our eloquent Scotchman? And it was this same Scotchman who delivered such an impressive and moving oration on the sad occasion of the obsequies of Prof. William's Junior English.

But the crowning achievement of our Junior year was the getting out of the best *Adytum* that has ever been published.

As Seniors, we are living up to our former record. Again a 1913er has piloted the football team through the most successful season of D. U. football existence, and one-third of the team were Seniors. We are well represented on the famous basket ball team, and the girls' Senior team is working faithfully, determined to repeat their previous record in basket ball.

For the past two years the Glee Club has been under the efficient management of members of 1913, whose voices will be sadly missed next year.

But space will not permit me to tell of all the accomplishments of this lucky class. We have achieved much, we have learned much. Of the many lessons we have absorbed during our sojourn among the Licking Hills, there is one which fits the case so well that we wish to hand it down for the benefit of posterity:—

“We know that Luck is only Pluck,
To try things over and over,
Patience and Skill, Courage and Will,
Are the four leaves of Luck's clover.”

With this as our motto, we will go forth, “conquering and to conquer,” bringing new honor and glory to our beloved Alma Mater, and keeping forever untarnished the fair shield of the class of 1913.

Edith M. Southall.

ARTHUR R. TUTTLE, Ph.B., Sycamore Club, Franklin.

Mt. Gilead H. S., Pres. B. Y. P. U. (4), Pres. Ministerial Asso. (4), Franklin Play (1), (3), Sec. Franklin (3), Lewis Prize Contest (3), Geol. Soc., Stud. Vol., Debating Team (4), Gospel Team (3).

From the above list of accomplishments we can readily see that "Art" is a man of activity along religious and literary lines. His acting in the Franklin plays was one of the features each year. He interrupted his course for one year in order to get a wider viewpoint by means of teaching when he acted as assistant principal at Mt. Gilead High School. "Art" is headed for the ministry and we may justly expect to hear of him later.

EMMA LUELLA ROSE, Ph.B., Philo.

Townsend H. S., Class Basket Btl, Sec. of Mission. Soc. (4).

Emma has been a faithful King Hall-er and from first to last during her four years' stay she has helped in the fun making. Her life has been a happy one if we except her one term of proctorship and the one time when the Senior Basket ball team

lost a game. Basket ball has been Emma's pride and as guard she won her laurels. Emma has been here for work and she has gone from one to seventeen in mathematics. Her skill along this line is surpassed only by her thoughtfulness for others.

KATHERINE CURTIS CRITCHFIELD, Ph.B., Kappa Phi.

Mt. Vernon H. S., Nat'l. Park Seminary, Euterpe-Philo Play (1), Mgr. Class Basket Ball (1), Girls' Swimming Contest (1), Pinafore Cast (3), French Play (3), (4), Secy. & Treas. Eng. Choral Soc. (4), Chimes of Normandy (4), Class Basket Ball (4), Senior Play.

Kay has acquired such a thirst for knowledge that it keeps her hopping all the time. If you want to find her, go to the Ob-servatory; she is an ardent star-gazer. If she isn't there she will probably be at the Con-servatory. Katherine strayed from the fold for a year and went to National Park Seminary, but she soon came back to D. U.

A. C. INWOOD, New Burlington, Ohio.

E. RAYMOND ASHCRAFT, B.S., Alpha Nu Sigma.

"Ash" came to Denison with about 'steen handles and forthwith did numerous odd jobs for the Y. M. C. A. However, his "rough-housing" ability soon caused him to degenerate and as a result he failed to make Phi Beta Kappa—in fact he wasn't even considered. He used to dabble in football, but the squad couldn't and wouldn't stand considered. "Ash" managed to fool the "Profs" the most in Chemistry where his annexing a "D." "Ash" started and was the founder as well as the first President of the "Rough-House Club." There is said to be some little hope for him when he graduates if he doesn't "stick around" too long.

HAZEL G. LONG, Ph.B., Euterpe, Sigma Delta Phi.

Council Bluffs H.S., Pros. Atty. Euterpe (2), Philo-Euterpe Play (2), Pinafore (3), Glee Club (2), (3), (4).

Miss Long, can't you just see her, tall and—but no, she is a scant five feet. However petite she may appear in stature her mind is not limited because of it. Her grades have soared above "ours" and "Shorty" aspires to teach Latin and Greek. She comes from such a long distance, Iowa, almost Nebraska, that we fear it will be some time after commencement before we see her flitting across our campus again. But you must come back sometime, Hazel.

STELLA BERTHA COX, Ph.B., SIGMA DELTA PHI, THALIA.

Mt. Vernon H.S., '08, Street Council (4), Glee Club (1), (2), (3), (4), Mgr. Glee Club (3), Sec. Junior Class, Sec. Philo (3), Philo-Euterpe Play (2), Junior Prom. Com.

Even before Stella appeared on our horizon, the fate had decreed that she should be a "belle." And now the goal of her hopes is in sight. But she has not by any means wasted her time in college although she walked a great deal her first two years—for her health, we presume. As far as we can find out, she has helped to manage the social affairs, or rather been on the "Stunt Committee," of every organization to which she has belonged, and has been in everything musical that has been given during her stay here. Don't drop your music completely, Stella, after you leave college—and—

CHARLES R. DEETER, B.S., SIGMA CHI, VIGILANCE COMMITTEE.

Steele H.S., Dayton, O., Varsity Football (2), (3), (4), Capt. (4), Varsity Baseball (3), Adytum Board, Class Athletics, Scrap Committee (3).

"Deet" came to us four years ago from Sault St. Marie, Canada., to be educated and civilized. Although his home is in Canada he is really an American and in no manner resembles the uncouth proverbial Canuck. He is of rather medium size, powerful in mind and body, which his record as captain and quarterback of the varsity show. His accomplishments along other lines are equally brilliant. Though not an extensive "fusser" in Granville, it is because his affections are directed elsewhere. His qualities for success are his courage of his convictions, his judgment and his willingness to work.

FRANK D. OLNEY, B.S.

Coshocton H. S., '09, Assistant in Chemistry (2), (3), (4).

Olney is a tall, quiet youth always serious and dignified except when handing out the apparatus up at the chemistry department. He usually gives the impression of always thinking. His work at Denison has been principally along the lines of chemistry but this has not kept him out of other activities which make the all around college man. His mental equipment to meet the battles of life is far above the ordinary. His main ambition since becoming a Senior has been to get the "nickels" and we most earnestly wish him success.

FLORENCE MCINTYRE, Ph.B., Thalia.

Toledo C.H.S. '09, Asst. in History (3), (4), Treas. Philo (3),
Chaplain Thalia (4).

Did you know that they have a general bureau of information down in Stone Hall? Who is it? Why, Flossie, of course! There isn't a bit of gossip or scandal going the rounds of the Sem but what Florence can give full information on it. She is as proficient in ancient history as in that of the present day for she shines in Professor Goodell's department. Third floor Stone people will miss their kind-hearted proctor. Good luck to you, Flossie!

BESSIE LENORE BENNETT, Ph.B., Sigma Delta Phi, Phi Beta Kappa, Philo.

Momence H.S. '08, V. Pres. Y. W. C. A. (2), Pres. Y. W. C. A. (4), Glee Club Pianist (2), (3), (4), Honor Court (4), Stud. Govt. (2), (3), (4), Sec. Ath. Asso. (2), Chaplain Philo (3), Girls' Contest Com. (3), W. B. Com.

Just a glance at the above obituary will show you that Bess' four years at Denison have been full of varied activities. From Y. W. C. A. President to Glee Club accompanist she has enacted the duties of her many offices wisely and well. Although at times she has worked so steadily she didn't have time to look up, she has found time to get acquainted with just about everybody in school and many of us will miss her pleasant word of greeting next year when other duties claim her.

RUEL EARNEST NOTTINGHAM, B.S., Franklin, Sycamore Club. Conneaut H.S., Franklin Play (1), (3), Engineering Society.

We all believe in the Golden Rule. This Ruel is not golden but it is just as good as gold. He has kept well up to the pace set for him two years ago by his brother, and bids fair to pass him. Ruel is a quiet sort of a fellow, but we know the saying "still water runs deep." And just like the still water, we may expect him to come out on top later on.

LESTER EDWIN MITCHELL, Ph.B., Alpha Delta Tau, Calliope.

Honor Man Doane Acad. '10, Pres., V. Pres., and Critic of Calliope, Calliope Play (4), Chief Asst. in Eng. (1), (2), (3), (4).

Yea, truly here we have a theatrical critic of no mean ability. This was proved without question in the Calliope play. But this is merely a side issue, as was song writing, for it is in the English department that Lester shines. To all future Freshmen we can hold "Hitch" up as the man who most ably assisted Raymond W. in making Freshman English what it is today. Truly a noble work!

CHESTER H. HILL, Ph.B., Calliope.

Osaka, Japan, Mt. Hermon School, Doane '10, Cicero, Tennis Team (2), (3), (4), Mgr. (2), Captain (3), (4), D.D.D. (3), Asso. Ed. Adytum (3).

'Tis useless to try to write it up; it speaks for itself. "Count" is a missionary's son and like all such is a tennis "shark." If there is anything you don't know along athletic lines, and want to know, just ask him—he certainly is a living compendium of athletic statistical data. But you have to hand it to Chet for his interest in athletics. Every night during the past season, his presence graced the sidelines of the football field, till he was officially dubbed "assistant coach." A good student, a good athlete, a good fellow—but "Don't advertise it, tell it to Chester."

HARRY H. BURNHAM, B.S., Alpha Nu Sigma, Medina H.S. '09, Case Summer School '12, Asst. in Geology.

H. H. Burnham, the gentleman from Medina, Ohio. As Harry was not a habitual fuzzer he managed to complete his course in three and one-half years. It is said that he developed quite a "case" in his Senior year, but as the girl left for a more healthful climate, it was generally understood that he was unsuccessful. Although not a professional grafted, yet by some foul means, he managed to obtain one of the numerous assistant jobs in the Geology department, and thereby secured revenge for past wrongs.

WILLIAM WALTER HOLT, Beta Theta Pi, Franklin. Press Club, Chemical Society, Ass't in Chemistry, (1), (2), (3), (4), "D" Association, Class Basketball (1), (2), (3), (4), Class Baseball (1), (2), Varsity Basketball (2), (3), Varsity Baseball (2), (3), Varsity Baseball Manager (3), Junior Banquet Com. (3), Chairman Junior Prom. Com. (3), Washington Banquet Com. (4), Y. M. C. A. Cabinet (4), Manager Denisonian (4).

Everytime we saw a sweater coat we used to think of Holt "Outfitter to the Varsity," but we will have to hand it to Holt for good goods along this line. Walter was a hustler in college for he finished a semester early, played and managed basket ball, assisted in chemistry, managed various offices as shown above, besides accomplishing the heart-rending job of becoming engaged. We understand that Holt is "getting right there" in Cleveland so we believe that his "hustling" propensities are still carried with him.

RAYMOND R. WEAVER, B.S., Phi Beta Kappa, Sycamore Club. Zanesville H.S., '09, Glee Club (4), University Orchestra (1), (2), (3), (4), Pres. Zanesville-Denison Asso. (4).

No, he can't help it if he is so bright. He is one of the few who are born brilliant. Ray bears the distinction of being the only man of the class to receive a Phi Beta Kappa key in his Junior year, and yet he is modest about it. Besides being a student he is an excellent cornetist, and plays the leading part in the College Band.

ELBERT LEWIS BABB, Ph.B., Phi Gamma Delta, Vigilance Committee, Calliope.

Xenia H.S., Class Poet (1), (2), (3), Basket Ball Mgr. (4), Cheer Leader (4), Class Basket Ball (2), Glee Club (4), Denisonian Staff (3), Asso. Ed. Denisonian (4), D.D.D. (1), (2), (3), D.D.D. Com. (3), Chairman (4), Toastmaster Football Banquet (4).

Say it with reverence, for a budding George Ade should be carefully handled and well groomed. Talent—why "Lew" shows talent when he even scratches his head. Up in one corner of his head there lurks a baseball germ as is evident from his masterpiece, the "Night Before The Game." We might well call him the budding genius. The White Hope, for his worthy ambition is to be Mayor of Xenia. Elbert is a good Democrat, having supported Taft strongly last fall. His chief slogan is "Xenia the model suburb of Cincinnati," but the word of an author stands forth alone.

JAMES WATSON WOLFE, A.B., Phi Mu Alpha, Sycamore Club, Franklin.

Ironton H.S. '09, D.A. '11, Adyutum Board, Geol. Soc. Stud. Vol., Musical Club Treas. (2), Ex. Com. Eng. Choral Soc., Franklin

Play (1), Mgr. Pinafore, Commencement Concert (2), Fall Festival (3), Director of Orchestra (2), (3), Glee Club, Soloist (3), (4), Mgr. (4).

"Jimmie" is a man who has undergone a great change in his college course. From Freshman to Senior there has been quite a transformation. "Jimmie" is intensely interested in musical activities and is generally to be found as a member of all such organizations. The "Dorm" knew that he possessed a strong voice when he was yet a Freshman, and since that time the school has learned that his voice is not only strong but also of rare excellence. He has a future before him.

WALDO H. HEINRICHES, B.S., Beta Theta Pi, Franklin. Newark (N. J.) H.S., Alligator, Pres. Ath. Asso. (3), Pres. Eng. Soc. (3), Pres. Franklin (4), Pres. Class (3), V. Pres. Y. M. C. A. (4), Board of Ath. Control (3), Y. M. C. A. Cab. (2), (3), (4), Asst. Eng. (1), (2), (3), (4), Adyutum Board, D.D.D. Com. (3), Class Cross-Country, Baseball, and Track Teams, Varsity Football (3), (4), Varsity Track and Relay (2), (3), (4), Capt. (4), Gospel Teams (2), (3).

"Fish" hails from India, Newark, N. J., and Granville. To have covered this share of mother earth before his Denison days shows his early tendency to "hustle around." This tendency has persisted throughout his undergraduate days, was a marked characteristic of him as Junior president, and seems to still continue to get him where he is going. "Hustling around" was always "Fish's" strong point in track athletics especially in the hurdles. His activities in beautifying the walls of Cleveland Hall with pictures and trophies surely deserve the gratitude of Denison students in general. As evidence of his track ability we might mention that he holds five indoor records and three outdoor records. In years to come we expect to hear that "Fish" is still hustling around and making others hustle, too.

EDWIN T. EDWARDS, B.S., Alpha Nu Sigma, Franklin.
Ironton H.S. '07, C. C. Team (2), Mgr. (3), Track Team (2), (3),
(4), Chem. Soc., Board of Control, W. B. Com.

Wee "Eddy" came to us from Ironton, Ohio, and like all Welshmen was especially meek. He managed to put up a pretty good bluff at track and cross-country and had everyone thinking that he was pretty much there in this line—and he was. Along about his Senior year he was persuaded to come out for football, but after a short experience "Eddy" decided that the football field was no place for his 119 pounds, and took to class basket ball. It is reported that he made three baskets in two games, but the scorers failed to notice them. "Eddy" has been very careful about social indulgence here, owing to the very persistent rumor of the "girl he left behind."

MARY MARGARET MCCLURE, Ph.B., Thalian.
Honor Grad. Newark H.S. '09, Secty. Thalian (4), Oberlin College
(1) Denison (3), (4).

Mary began her career with a year at Oberlin and is now finishing with flying colors after two years at Denison. Mary is one of our bright clever girls and she has a sweet disposition that does not often go with a generous allotment of brains. With this happy combination we feel sure the road to success lies smooth and open before her. We wish her swift progress!

HUBERT H. MARTIN, B.S., Sigma Chi, Vigilance Committee, Franklin.
Manager Basket Ball (3), Adyutum Board, Denisonian Staff (3), Class
Football.

"Hub" stands six feet three inches. He has considerable difficulty in managing his pedal extremities and elbows; woe to any vases or other bricabrac which happens to be in the same room with him. Since he arrived here fresh from Seattle he has undergone many strange adventures. In his Sophomore year he was marked by Cupid as one of his victims, and such he has remained. He is fortunately endowed with that sense of humor which enables a man to see a joke on himself. He is well equipped by nature to bear the brunt of things and always come out on top.

CARMI LEWIS WARNER, B.S., Phi Gamma Delta.
Pres. Class '14 (1), Chairman Junior B. Com., College in Three Years,
D.A. '10.

"Red" is a man of action and energy. He believes in the great today—his leap follows his look closely but he seldom gets his feet wet. Pennsylvania claims this man of the world and he, by a few ties, still claims sections of Pennsy. However, we all must surrender at some time and the sooner it's done the less time you lose. With his tortoise spectacles Red has bamboozled the profs into his parole, but he is wise in not trying to work the bluff too long. Good luck to him.

CLIFFORD E. REICHARD, B.S., Kappa Sigma.

Chemical Soc. Vice-Pres. & Treas., Class Track, Adytum Board; Asst. Chemistry.

"Shoos" finished his course in three and one-half years, despite the fact that he received his diploma as a "fusser." Truly a good record. "Cliff" is a quiet fellow, but nevertheless is well liked and popular. He has spent much of his time here in the Chemistry department and has made an enviable record there.

RUTH ALICE ADLER, Ph.B., Kappa Phi, Philo.

Canton H.S., Shepardson Play (1), Critic Philo (3), Class Hist. (2), V. Pres. Junior Class, House Council (3), Street Council (4), Class Basket Ball (1), (2), (3), (4), Shepardson Basket Ball (3), Maid of Honor (3), Y. W. C. A. Cabinet (3), Adytum Board, Senior Play.

This young lady shines in various spheres. She is quite a "shark" in classes and has won a place in Willie's hard heart. Ruth can preside with grace and dignity at a social function and moreover, she can pursue a basket ball around the gym to good purpose. The worst of it is she really thinks she is going to teach!

ELSIE CONSTANCE NORTH, Ph.B., Philo.

Beaver Dam H.S. '08, Wayland Academy '09, Philo-Euterpe Contest (1).

If the laborious struggles of the classical course ever worried Elsie, no one ever knew it. She was always cheery, always ready for a frolic. She could adapt herself to circumstances and did not allow rooming with Faculty to have any somber effect on her. But despite the fact that you never hear much of Elsie's work from her, it has been faithfully done and she has left a good record. She says she intends to teach, but the breezes whisper to us of a certain high school professor in the case.

"When once the heart of a maiden is stolen
The maiden herself will steal after it soon."

HAROLD E. DUNLAP, B.S. Kappa Sigma, Vigilance Committee, Franklin.

Football (3), (4), Track (2), (3), (4), Capt. (3), Sec. Ath. Asso. & "D" Asso. (3), Toaster Junior B., Treas. Senior Class, D.D.D. Com.

"The slashing full-back from Urbana"—that's what they call "Rhiney." It surely is quite a distinction for a man weighing only 145 pounds to make a position in the backfield of such a team as Denison has. He is also a fine man to have on the track team, but he is just as good in other relations as on the athletic field. As a student of Pedagogy, Harold shines. He is a very erratic fusser but there is some hope for him settling down in after years.

EDSON COLDREN RUPP, Ph. B. Beta Theta Pi.

Doane Academy, Class President (1), Y. M. C. A. Cabinet (1), (3), Football (2), (3), (4), Football Capt. (3), All-Ohio in Football, Basket Ball (2), (3), (4), Captain Basket Ball (4), Baseball (3).

R-u-p-p spells All-Ohio and other things in athletics. "Babe" has been a fine man in athletics but he has not specialized in any one thing to the detriment of a well-rounded college course, for he has found it possible to become quite familiar with sections of the curriculum. Along lines of psychic research he has become an authority for love in the concrete. We can't help but admire the quiet and persistent spirit with which "Eddy" has done things and believe that as a prof in California he may yet be able to instruct the heathen Californian youth along the lines of the civilized east.

MARY HENRIETTA MUNRO, Ph.B., Chi Psi Delta, Thalia.

Kalamazoo H.S., Kalamazoo College (1), (2), Denison (3), (4), Shepardson Glee Club (3), Sec. Class (4), V. Pres. Thalia, W.B. Com.

Although Mary has only been here at Denison for two years, yet we have felt her influence in many activities of school life. There is one thing, however, that we hold against her, and that is that she belongs to the organization known as the "Red-Headed Club." Maybe she shouldn't be blamed for that for she can't help it. Is there anything you would like to know about anybody or anything? Ask Mary. She knows.

RUTH FREEMAN HASTINGS, Ph.B., Kappa Phi, Philo.

Akron H.S., Sec. Stud. Gov. (2), Pres. Stud. Gov. (4), Street Council (1), (2), Glee Club (2), (3), (4), V. Pres. Y. W. C. A. (3), W.B. Com., Senior Play.

When they were looking for some one to keep the Sem girls in order this year, they picked out Ruth because they depended on her imposing appearance to scare the Freshmen half to death. But she really isn't so very terrible when you get acquainted with her. Why, she has very energetic dimples; but we wouldn't mention them because she doesn't like it.

HOWARD W. WEBB, Ph.B., Sigma Chi, Franklin.

Alligator, Varsity Track (2), Varsity Baseball (2), Class Baseball and Track, Chairman Soph. Soc. Com., Y. M. C. A. Cab. (3), (4), Mgr. Franklin Play (3), Mgr. Track and Cross Country (4), Chairman Junior B. Com. (3), Chairman W. B. Com. (4), Bus. Mgr. Adyutum (3), D.D.D. Com. (4), Denisonian Staff (2).

"Pinkey" as some of the girls call him, is a hustler from the word go. Handicapped when he first arrived, by his red hair, he has since overcome this and shown that red heads can be some body after all if they keep at it long enough. What he doesn't go in for isn't worth going after, whether it is literary, athletic, or Y. M. C. A. Although a favorite of the girls, so far he has proved impregnable to all their alluring graces and charms.

EARL HOGADORE NOYES, B.S., Phi Gamma Delta, Vigilance Committee.

East Greenwich (R. I.) Academy, Brown University (1), (2), D.D.D. (4), Class Basket ball, Mustache.

"All nature might stand up and say 'This was a man.'" Yea, truly the evidence is convicting. A Caesar could well be proud of such an adornment. "Shag" has plenty of nerve too for many a keen remark has been parried by his armour of manhood. He hails from "Little Rhody" where quality supersedes quantity. His specialty is corduroys, a blue flannel shirt, and a big corn cobber up to the neck with Prince Albert—but, old head, to smoke here as well as hereafter is a worthy ambition.

JULIA MARTHA MOREY, Ph.B., Philo.

Fairport, N. Y., H.S., University of Rochester (1), (2), V. Pres. Philo (4).

Two years ago a quiet little person came to us from Rochester U., but though quiet, we have learned that she "gets ther" just the same. We have all grown to love and admire Julia, in spite of her weakness for midnight drives, and will miss her sadly when she goes.

LOIS ETHEL DEBERRY, Ph.B., Philo.

Terra Alta H.S., '07, Broadus Inst. '09, Library Com. Y. W. C. A. (2), Social Com. Y. W. C. A. (3), Pres. W. Va. Club (3), Philo Reporter (4).

Lois had given great promise and we had expected to present her to the world a finished and polished school marm. Ah, but times have changed. Very quietly but very surely she has altered these plans. Maybe we ought to be worried but Lois is bright and clever and we feel sure that she is capable of filling her place in the world with dignity and grace.

D. C. SIMPKINS, B.S.

Newark H.S. '09, Asst. in Biology (3), (4), Asst in Forestry (4), Science Assn.

Well. Don comes in from Newark every morning at 7:20 and leaves at about 4:20 and eats his lunch between these hours. How he spends the rest of his time we don't know. Upon his arrival he seeks the dark and mysterious realms of the "Coghill and Stickney Emporium," only to emerge upon sundry occasions, such as Kull's philosophy class and occasionally to go to chapel. The directory calls him a Senior, but —

"Maybe he did, we don't know."

RAYMOND CECIL MOORE, A.B., Phi Beta Kappa, Franklin, Sycamore Club.

Calumet H.S., Chicago; V. Pres. Franklin (4), Franklin Play (1), (3), French Play (3), Debating Teams (2), (3), (4), Council Deb. and Oratory (3), Lewis Prize Contest (3), Adytum Board, W. B. Com., Pres. Stud. Vol., (4), Pres. Geol. Soc. (4), Track Team (3), Asst. Geol. (4).

Ray comes to us from the Windy City. He has rightly been called a student, for besides going through his three years, he is often discovered translating Greek into French just to amuse himself. Ray is dignity personified and as an assistant professor can use more triple-jointed words to the cubic inch of gas expended than any real prof we have met. But whether it be in teaching, debating, acting, music, or art that Ray takes a hand, you can be sure he will do it right.

"A man I am, above all other men profound."

EMILY K. COLWELL, Cl., Kappa Phi Euterpe.

Shep. Prep. '08, Capt. Basket Ball (1), Winner Class Tennis Doubles (2), Vassar (3), Senior Play, Class Basket Ball (4).

(2), Vassar (3), etc., etc., etc.)

By the time she was a Junior Emily decided to try her wings in a larger sphere, so she went to Vassar. But she realized her mistake and hastened to remedy it. Consequently her sheepskin will bear the name of Denison. If you want some good exercise, ask Emily to play tennis with you and you'll get a vigorous workout.

GRACE E. DOUP, Ph.B., Euterpe.

Mt. Vernon H.S. '09, Shepardson Play (1), Cor. Sec. Euterpe (3),
Adyutum Board (3), Y. W. C. A. Cabinet (3), Junior Prom.
Com., Pres. Euterpe (4), House Council (4), Senior Girls' Play.

My gracious! won't we miss Grace. Activity and fun have always gone off with an added zest when Grace was there to help. Now energy, she never lacked or wasted. She has been a loyal Euterpean and her capabilities have been felt there. Grace's strong point, if you please, is public speaking, oratorical, and dramatic work. We will expect to hear of her in that line of activity. There is a stamp of originality about her, which is its witness to others.

GEORGE E. BLACK, A.B., Calliope

Mt. Vernon H.S., Gospel Team Committee.

George is a man whose characteristic quality is earnestness. He is on his way to the ministry. A hard student; an earnest worker in religious activities; a fellow whom we can trust to fill his obligations; never noisy or singing his own praises—what more can be asked? Many more conspicuous men have done less.

SARAH FULLER ANDERSON, Cl., Kappa Phi, Pi Beta Phi, Philo. Newton H.S. '08, Post Grad. '08-'09, Boston Univ. (1), (2), Newton Theol. Sem. (3).

Sarah belongs to such a fine old "Denison family" that she came here way from Massachusetts in order to get her degree here and we are glad she did. In spite of her noisy ways Sarah has won a wide circle of friends who will be sorry to see her leave in June.

SARA MOREHEAD, Art, Chi Psi Delta, Euterpe.
Zanesville H. S., Senior Girls Play

"Sally's" main ambition is to be jolly, and unless she is jolly she is not satisfied or content. It is rumored on good authority that Sara gets very homesick often; from this you would judge her to be a little girl, but—well, we won't tell any tales as to avoirdupois or size for fear of not getting the figures large enough. She has only been here two years, but will carry away most of Granville on her canvas.

DOROTHY RUTH SWARTZ, Music, Euterpe. Shepardson Prep., Engwerson Choral Soc. Treas. (3), Secty. (4), Glee Club.

"Dot's" besetting sin is a voice; at times it soothes the pain of this dull world, but at other times it makes both man and beast rise up in agony. She has been among these Licking hills for lo, these many years but is now about to leave for an unknown world, where she will lead some village choir or perhaps be a prima donna.

GEORGE F. FINNIE, A.B., Alpha Delta Tau, Phi Beta Kappa, Franklin.
Alligator, Capt. Debating Team (3), (4), Pres. Franklin (4), Pres. Y. M. C. A. (4), Pres. Senior Class, Lewis Prize Contest (3), (4), Council Deb. & Oratory (3), (4), Junior W. B. Toaster (3).

After all it's brains that count. We can truly say that the master brain of the student body lies concealed somewhere within the walls of this Scotch cranium. George is a worker and above all a man. To his influence, we can pay no higher tribute than simply to say that rarely does an issue fail if it bears the stamp of George's approval, and rarely does an issue succeed if his will is directed against it. This fellow is headed for the ministry and we can see a great future before him. We hate to lose you, George, but the world needs men like you.

BLANCHE E. DULL, Music, Kappa Zeta.

Basket Ball (4), Supervisor of Music in Granville Schools (4).

LAURA PROUTY, B.S., Kappa Zeta, Phi Beta Kappa, Thalian.

Doane Academy, Athletic Board (1), Asst. in Physical Culture (1), Class Basketball (1), (2), (3), Capt. (3), Tennis Team (2), (3), Winner Tennis Tournament (3), Shepardson Basket Ball (2), (3), Asst. Chem. (2), (3), Sec. Chem. Soc., Pres. Thalia (4), Y. W. C. A. Cabinet (4).

Laura has been '13's mainstay in Shepardson athletics. She has distinguished herself in basket ball, swimming and tennis. However, her activities in this line have not interfered with the winning of a Phi Beta Kappa key in her Junior year. Her working powers are unlimited and she is certain to reach any goal she tries for.

"Such wisdom is rare."

EDNA MARGUERITE HAYES, Ph.B., Philo.

Mt. Vernon H. S. '09, Asst. in English (2), (3), (4), Philo-Euterpe Contest (2), (3), (4), Rec. Secy. Philo (4).

"Ed," despite her diminutive, stature is our celebrated elocutionist. She has studied under various artists, chief among whom is Prof. Victor Hoppe, of Denison. Her success in this branch is no mere matter of conjecture. As an assistant to one Pence she has helped to make Freshman English one of the most popular (?) courses in school.

"If she won't, she won't, and that's the end on't."

HELEN MITCHENOR STREATOR, Ph.B., Euterpe.

South Western State Normal of Penna., Y. W. C. A. Cab. (4), Chaplain Euterpe (4), Sec. Geol. Soc. (4).

Helen's pursuit of knowledge is enthusiastic and untiring. She began the chase at the Chicago Training School and has kept it up without cessation during her three years at our noble university. We hope she will never get out of breath and stop, for, as the old philosopher says,

"Virtue is knowledge, and knowledge is life."

CHRISTINE HARTLEY, B.S., Philo.

Paris, Ill., H.S. '09, Y. W. C. A. Cabinet (4), Vice Pres. Student Govt. (4), W. B. Com., Asst. in Biology (4).

Christine's cares this year have been many and have truly fitted her for the knocks of the world. You say that to see that 150 Sem girls are properly fed on time is responsibility enough for one girl, but not so. The matters of the nation were heavy cares and until Woodrow Wilson was elected Christine found no time for sleep. She has led many a zoology student on to victory and we little fear for her future success.

EVA ARMINITA NIXON, Ph.B., Thalia.

Doane Acad. '09, Asst. Class Treas. (2), Y. W. C. A. Cabinet (4), Senior Girls Play.

"Little Eva" graduated from Shepardson preparatory in 1909. In prepdom her "main" aim seemed to be to have a good time, but after entering the higher institution of learning, she applied herself diligently. The last part of her Junior year she taught in the country school and kept up her studies at the same time and so is able to graduate with her class. We feel sure Eva will make her place in the world by her sunny disposition.

HARRIET DAVIS, Ph.B., Philo.

Massillon H. S., Cor. Sec. Philo. (2), Shep. Play (2), Treas. Philo (3), Y. W. C. A. Cabinet (3), Mgr. Senior Girls' Play (4).

Harriet Davis, yes we remember, Burton Hall's old stand-by. She is one of three that have kept the tower always cheery. She is wise and rather mathematical but we don't hold that against her. She is ready now to go into the cold world and impart her learning and we wish her the success that she deserves.

MARGUERITE MAY McNUTT, Ph.B., Phi Beta Kappa, Kappa Zeta, Euterpe.

Shep. Pres. '08, V. Pres. D. A. '08, Historian (3), Critic Euterpe (3), Philo-Euterpe Contest (3), Street Council (4), Asso. Ed. Ady., Asso. Ed. Denisonian (4), Secy. Sc. Ass'n. (3), W. B. Com. History and Botany Asst.

"Diete" is a star in the Botany and History Departments. She is an enthusiastic Euterpean and her scholarly attainments are pre-eminent. As associate editor of the Denisonian and of the Adyton, and in many other college and class activities, she has been both influential and enterprising. She has drawn her inspiration from taking a "Hike" often. This is especially true of her work on the Adyton and Denisonian.

"Wearing all that weight of learning like a flower."

JOSEPH EDWARD BOWMAN, B.S., Franklin.

Pleasantville H. S., O. S. U. Agricultural College Last Semester Senior Year.

Bowman is above all things a worker. His glasses give him a somewhat somber appearance, but behind those glasses is untold ability and a very keen sense of humor. He does not work the social stunt overtime, but that is not his purpose here. He came here to work and get there; that he has done with success. The only thing that has balked him so far is Mr. Kull's philosophy. Even with this handicap in going out into life we can predict success.

JULIA VINTON SEAGRAVE, A.B., Phi Beta Kappa, Philo.

Newton H. S., (Mass.), M. E. Girls School, Rangoon, Burma, India, Sec. Student Volunteer (4).

Julia has been in college chiefly to secure a fine store of knowledge. We fear her course has been narrow, for the results as shown by the Registrar's records can all be summed up in the alphabet's first letter. She delights in Greek and Latin and she has held first place in several other branches. Her learning and her pleasant kindly manner will win a place for her in foreign lands.

ANN ELIZABETH OWEN, Ph.B., Thalia.

Newark H. S. '08, Michigan U. (1), Denison (2), (3), (4).

A bad beginning assures a good ending. Elizabeth got her start four years ago at Michigan University, but she soon realized that there were better things in store for her near home. Elizabeth is much given to song and in her one year at the Sem she has greatly increased the girl's repertoire. Her specialty is fudge and although this accomplishment has kept many a companion from the evening perusal of knowledge, Elizabeth manages to get there just the same, and she gets there with credit, too.

BESS NICOLLS, B.S., Thalia.

Wayland Acad., Beaver Falls, Wis. '10, Philo Euterpe Contest (2), (3), Pres. Thalia (4), Secty. Chem. Soc. (4).

In the three years of her sojourn at Denison Bess has distinguished herself in Shepardson debating circles. As president of Thalia she has shown her executive ability. Her triumphs are not limited to literary circles alone, but also extend to affairs of the heart. For success in this line, Bess would recommend the following recipe: Take two chemistry assistants, add one camera, mix in one month's campus, and season the whole with a week-end in the country.

RICHARD W. WATKINS, B.S., Kappa Sigma, Phi Beta Kappa.
Granville H. S., Asst. in Biology.

"Dick" is a biological wonder. He can recite scientific names by the yard and actually knows what some of them mean. He is a quiet sort of a fellow and yet a hard worker as the little golden key indicates. Seldom seen on the campus or in chapel, and yet he can show a bunch a mighty fine time whenever they go "to Watkins." "Dick" likes a good joke even if it is on himself. He is expecting to be a doctor and we wish that he may form a prosperous combine with some undertaker.

JESSIE MARGARET LAING, Ph.B., Philo.
Bedford H. S., Normal Course Valparaiso Univ., Treas. Philo (2),
Critic Philo (3), House Council (3), Mgr. Basket Ball (3), Treas.
Y. W. C. A. (4), Street Council (4).

Along with her Senior dignity Jessie has retained her conscientiousness and good humor. It was her persistence and cheerful persuasion when manager of the Junior basket ball team that won for them the championship. As she has proved her ability in basket ball, so in math she has reached heights attained only by the learned few. But alas, her own great trial and disappointment is her failure to vault that piece of apparatus in the gym known as the horse. She is the fair third dimension without which the tower room is incomplete.

ELIZABETH JONES, Ph.B., Thalia.

Berkeley H. S. '08, Univ. of California (1), (2), Senior Girls' Play.

Elizabeth, better known as Bess, came to Denison two years ago and by leaps she has made a quick ascent. It is with surprise that we find her ready for a degree with the class of 1913. Her clever ability and originality have made a place for her in many college activities. Her scholastic attainments would completely awe us if she did not hide them so cleverly with fun and good cheer! We are sure that the qualities which have won student and professor will win a place for her in whatever line of activity she chooses.

KENNETH L. HALL, B.S., Sigma Chi, Franklin.
Newark H. S. '09, President of Chemical Society (4).

When nature was distributing her gifts, what she failed to give "Ken" in bulk she made up for in his share of brains and grit. He expects to go into the drug business and for that reason, up at the chem. lab., he is learning how you poison as few people as possible and the cheapest way to do this. He has a great eye for bargains, and if he could get the moon at a reduction he would buy it.

CHARLES H. READ, B.S., Kappa Sigma, Calliope.

Xenia H. S., '09, Glee Club (1), (2), (3), (4), Secty. (3), (4). Pres. Calliope (4), Secty. Calliope (3), Boosters Club (3), Treas. Y. M. C. A. (4), Asst. Physics (4).

Charlie is a quiet and yet a jolly fellow, full of good humor. He is a man who is always square with himself and with the other fellow. He is a "shark" in math and science, and this year, judging from his visits, he is including Domestic Science in his course. His four years' service on the Glee Club has been very valuable indeed. Charlie has made a host of friends here who will miss his face next September.

HAZLE LILLIAN MARTIN, Ph.B., Art, Philo.

Shepardson Pres. '09, Y. W. C. A. Cab. (4), Senior Basket Ball, Grad. in Art (4).

"Be your own true self" has been Hazle's policy in school. Her true worth has been covered with a reserve but this we easily agree is no disgrace. She has led a normal college life, with her aversion to proctors and gym. Her thrift and early rising have been a care to her less energetic room-mates but her example has been good. Hazle has always been a third-floor Stone enthusiast. For four years she has filled a place there and we will miss her next year.

Beside the acquisition of book knowledge Hazle found many an hour to spend in the out of doors and in the studio. Her visits to the Biological Pool, the autumn woods and corn fields have resulted in the completion of many beautiful pictures. The little glimpses of Granville which Hazle will take away with her on canvas makes us sure that she will always be a loyal Denisonian.

EDITH MAY SOUTHALL, Ph.B., Phi Beta Kappa, Philo.

Dayton (Ky.) H.S. '03, Asst. to Registrar (1), Sec. to Dr. Carney (2), (3), Ady. Board, Instructor in French, Summer School (3), French Play (4), Instructor in Geol. (4), V. Pres. Geol. Soc. (4), Y. W. C. A. Cab. (4), Class Historian (4).

Here we have a first-class authority on all matters pertaining to geology. In fact our young professor-ess is so deeply interested that she seems to be contemplating making life-long affiliations with the department. She was one of the lucky individuals who acquired the little gold key in her Junior Year. We look with wonder and awe on her multitudinous activities and wish her success in her geological pursuit.

C. EARL RICHARDS, Ph.B., Calliope.

E. H. S. Columbus '10, O. S. U. (1), Calliope Play (4), French Play (4), Adyutum Board, Lewis Prize Contest (3).

Earl is a Columbus lad and so naturally his steps led toward O. S. U. But he soon found his relations with "Commy" on that dear old drill ground to be too intimate and so he sought the less military school, Denison. The class of 1914 claimed him to last year, but this fall he found his credits to be in excess of that number allotted to Juniors and so left us. Earl intends to go to Columbia University to take up architecture.

KARL RICHTER BABB, B.S., Phi Gamma Delta, Phi Mu Alpha, Phi Beta Kappa, Calliope.

Xenia H. S., Glee Club (1), (2), (3), (4), Soloist (2), Quartet (1), (2), (3), (4), Director (3), (4), Adyutum Board, Y. M. C. A. Cabinet (4), Pinafore (3), Chimes of Normandy (4), W. B. Com., Toaster W. B. (4), Pres. Honor Court (4).

For an all round college man we repeat K. R. Babb. As a school for the American youth we have found the ideal. "Konch's" record has been enviable in every phase of college life. He bids fair to rival the renowned Scotti in harmonical circles; in athletics the class team under his supervision has usually finished on the "stretch," and many think he would be lucky at cards were he given to such frivolous pastimes. His ambition—a practical man—will be augmented by his scholarship record, but he has resigned himself to hard work.

MARGARET STEERE, Ph.B., Chi Psi Delta, Euterpe.

Cor. Sec. Euterpe (4), Vice Pres. Euterpe (3), Asst. in Eng. (4), Pres. Shepardson Republican Club (4), Honor Work in Eng. (4), Vice Pres. Senior Class, Senior Girls Play, Shepardson Play Com. (4), Philo-Euterpe Contest (3).

Woman's suffrage has no more ardent advocate anywhere than Margaret. As one of Prof. Willie's star pupils she is laying the foundation for a great future as one

of America's most able lawyers. When we see a blaze on the horizon we know that Margaret is coming, assiduously attended by an escort. To all Semites she is a wonder on account of her well-earned reputation of having the most logical brain of any girl in school. The air fairly blossoms with her variegated hues and scintillates with the vasculations of her facile mind.

GRACE BOND, Art.

Doane Acad. '09, Y. W. C. A. Committees (3), (4).

Yes we know Grace; her cheerfulness and good nature has often made the day run smoother. Well, but this is not her mission in life. Her persistent, conscientious work in the studio has brought its good results. Armed with a brush and canvas she will bring the beautiful into the lives of all she meets.

QUINCY ALLEN MAIN, B.S., Calliope.

Doane '09, Cicero, Asst. Treas. (1), Class Treas. (2), (3), V. Pres. Ath. Assn. (2), (3), Pres. Calliope (4), Calliope Play Director (4).

"Q" has been in Granville seven years and during this time he has absorbed a great deal of that atmosphere of knowledge prevailing in these hills and valleys. Last year he put on the finishing touches by a trip to his Vaterland and other European countries. His specialty here was botany but his activities were by no means limited to this field. His dramatic instincts found recognition in his position as manager for the D. D. D.

ROBERT M. ASHLEY, B.S., Kappa Sigma.

Football (2), (3), (4), Baseball (2), (3), (4), Capt. (3), W. B. Com. Board of Control (3), Honor Com. (4).

"Bob" is one of these men who is big of limb and yet has a big heart. Every one knows his smile and yet those who have seen him opposed can tell you how firm and determined he can be. He is a mighty fine athlete as his record of three years' football and baseball will show, but he doesn't overdo athletics. Rumor says that he has lost his "frat" pin, and so we will wish him good things.

MAUDE E. FERGUS, Ph.B., Chi Psi Delta, Thalia.

Tippecanoe H. S., Sec. Euterpe (2), Vice Pres. Soph. Class, Shepardson Play (2), Adyton Board (3), V. Pres. Thalia (3), Y. W. C. A. Cabinet (4), Denisionian Staff (4), W. B. Com. (4), Senior Girls Play.

We'll 'member our Maudie long after she has left us. She is an accomplished lady no matter under what circumstances and she has adequately filled many positions of responsibility and frivolity while in our midst. There is scarcely "iny" body about the school who doesn't know Maudie's mischievous smile. She is just a little over two feet and a little under two curls.

MARIAN ROSE, Music, Kappa Phi.

Soloist Glee Club, '07, '08, '09, Y. W. C. A. Cabinet '09, Pres. Shep. Glee Club (1), (2), (3), Secty. Choral Union (2), Pres. Musical Club (2).

When D. U. parts with the good old class of '13 there will be many hard places to fill. "Rosie" has the true Denison spirit and her influence has been felt in all lines of college activities. We would be sad to lose our prima donna, but we feel that there are other things in store for her. We wish for "Rosie" the best that Fortune holds for her favorites.

BERTHA MAE EBERLE, Music, Philo.

Quaker City H. S. '08, Senior in Conservatory in Normal Course.

This year Mae has donned the cap and gown and with the rest of the Seniors she goes out into the wide, wicked world to win for herself a place. The Conservatory will miss this stately pillar for she has been a faithful worker in these four years of preparation. Her friends predict for her success in the musical world and the best wishes of her D. U. classmates will go with her.

FRED MADSON, B.S., Franklin.

Well, Fred came here four years ago and is soon to leave. Every fall he leaves the haunts of Minnesota and every spring he seeks them again. And in the meantime—well how should we know. He runs no self-advertising bureau—just goes on, giving no one trouble, but helping many out of trouble. His dry wit has only to be heard to be appreciated. It is rumored that Fred once did a stunt, but — — —

ORGA DICKERSON, Ph.B., Philo.

Doane Academy '11, Y. W. C. A. Cabinet (3), (4), Secy. and Lib. Glee Club (3), (4), Pres. Philo, (4).

"Dick" throughout her college course has shown a decided preference for the Scotch. She does not intend to teach, for she believes "A man's a man for a' that." She is active in Y. W. C. A. and all agree that she will make an ideal minister's wife. The Shepardson Glee Club, which she has served faithfully, will miss her charming soprano.

"Whose presence seemed the sweet income,
And womanly atmosphere of home."

VEDA VANDERVORT, A.B., Sigma Delta Phi, Philo. Geneva H. S., Adytum Board (3), Chaplain Philo.

Veda came to us four years ago from the wilds of northern Michigan. At first sight she doesn't impress you as a very excitable person but occasionally she does run to that extreme and when much interested can talk by the hour. Her early relations with an alarm clock made her famous at Denison. Like some other people who are about to leave us, Veda has greatly improved her health in the last four years by cross-country walking, not alone nor yet in a crowd.

W. J. CURRIN, Ph.B., Alpha Nu Sigma, Franklin.
Ed. Denisonian (4), Ed. Adytum (3), Rec. Sec. Franklin (3), Franklin Play (1), French Play (3), (4), Pres. Lecture Course Asso. (4), Y. M. C. A. Cab. (4), Junior B. Com. (3).

Will sure was some kid when he first came into town. Throughout his career "Hike" has held down the position of a conscientious grafted. As a compendium of words "Hike" takes the big firsts. When he doesn't advertise his French or display his English, the sun rises not. He managed to assume such an innocent air with the Adytum that they let him in on the "yellow sheet" and at once he bought that marvelous brown checkered vest. About the biggest thing he did as a Freshman was to almost make Phi Beta Kappa, while as a Senior he was well known as the one big advocate of mixed dramatics.

Embarcation

Life's day's at dawn;

The harbor shelters many a ship
Each anxious with the breaking day
To weigh its anchor and begone.

Each craft goes forth;

Each chart is drawn and hope runs high.
There is no thought of hurricane
Or fear of storm from out the North.

The crew is brave.

Adventure stirs each hopeful heart,
Fearing not the desert blue and vast
Or barren shoal and treach'rous wave.

The sea is Life,—

A trackless main with common goal—
Success—and Duty stands at helm
To guide through discontent and strife.

Our course is plain;

Why say goodbye? Can it be sad
To leave in search of Life, the goal
Each one strives valiantly to gain?

For life is real.

The time has come when friends must part,
So, Alma Mater dear, farewell;
We launch forth with unflagging zeal.

PRESIDENT TO-NIGHT

1914

AS WE GO MARCHING

Twilight

'Tis twilight, and o'er town and college hill,
The peace of evening creeps; now calm and still
The stars from out the boundless azure deep
Come forth to guard us—sentinels of sleep.

'Tis twilight, and our thoughts do oft turn back
To see what happy gain or sorry lack
Is found, for each of these is but a ray
That leads us on unto a brighter day.

'Tis twilight, and through all our fleeting years
We have alike our share of joys and fears,
Let each one strive, whoe'er, where'er he be
To work, to live, with all sincerity.

D. M. M. '14.

'Tis twilight in our course of college life
But one short year before the worldly strife
Enfolds us each within its mad embrace
And with the world we are brought face to face.

The twilight of that other day may find
That still we have a corner of our mind
Which takes us back unto the days now gone
The days we spent at dear old Denison.

Junior History

OUR first appearance in Granville was rather unassuming, though more numerous than that of any class which had preceded us. But before we had been climbing the hill very long, those who had preceded us in the matter of time began to perceive that something new and good had come to the school. We brought the Sophomores particularly to a realization of our strength and importance when we, with scarcely a struggle, took down from the flag pole the flag which they had worked so hard to rivet up and substituted for it our own glorious banner of white and blue. To even things up we gave them the other minor events of the day. In society, too, we held first place that Freshman year. Our Freshman stunts may be found catalogued among the successes of the school.

As Sophomores we returned to work with a vim. We were the first to encounter the labored trials of Kull's Sophomore history class. But we conquered, them "in toto.", and does this not prove that we were valiant indeed? As Sophomores, too we proved our worth as athletes. In baseball and basket ball we held our own; the greatest honors of the interclass Field Day were won by the class of '14. But we didn't confine our activities alone to books nor to athletics. Our social stunts of the second

year started with a hayrack ride to Watkins' and ended with a chicken-pie supper at Alexandria. To the class of '14 the credit is due for starting that city on its road to fame.

In this our Junior year we have lived up to the standards which we had set up for ourselves in the two years before. In athletics we have held our place. No small part of the foot-ball squad came from the Junior class. In basket-ball, too, we have taken a part and our men have not been slow at track. Nor are our athletes limited to the men alone. The girls are proud of their strong basket-ball team. Our first appearance as a class this year was at the Junior Banquet. Here, surrounded by their class-mates, our literary geniuses gave their best in toasting to '14. Two of our members have taken their places on the debating teams and they are still ably filling these places.

But by far the greatest accomplishment of the class of 1914 is the production of this book which we have tried to make the best of many in the history of Denison. In the reading of its pages you may find the pleasure and interest which have helped us in this book. So here's to '14 and "as we go marching" may we find and fill our places in the world with honor to our class and to our school.

CLASS POEM 1915.

The sixteenth September, nineteen and elev'n
 Was a day that we'll never forget;
 'Twas then to old D. U. a new class was given—
 Such a gift she will never regret.

The PURPLE and GOLD are the colors of fame,
 And the emblem of faithfulness, too.
 We pledge our allegiance to Denison's name,
 With a love that is earnest and true.

But firmly we stand with the spirit of mind
 For the doing of each noble deed.
 May Denison know that in us she can find
 Loyal hearts in the hour of her need.

O. B. K.

The work of our hands is the greatest success—
 And to this there can be no denial:
 We laundried and barbered the Freshmen I guess,
 In the latest, most up-to-date style.

We lost in the Scrap, but that wasn't much,
 It was only the Sophomore luck,
 We didn't matriculate horses and such,
 Just to aid us in showing our pluck.

Sophomore History

OLD Father Time raised his snow white head, his black eyes gleamed with a new born hope, as he opened his well worn volume to Sept. 12th, 1911. His feeble hand was empowered with fresh strength as he plainly wrote these words:—"This day there entered Denison University a strong and mighty class from whom we expect great things. A purple banner goes before them, and on this banner the golden numerals "15" stand plainly forth. Honor and victory await them."

And so we were ushered into college life, and all the menial tasks required of Freshmen. Our first duty was made known to us very shortly, and we found ourselves following the purple and gold to Beaver Field, where we soon made blue and white fade into insignificance. In their place, our own colors waved triumphantly, and 1915 gleamed out brighter than ever. But we were not content to confine our success to Beaver Field, and during the year victory and honor for 1915 over-ran the valley, and even mounted to the heights of the hill of knowledge. We so completely annihilated the formidable "Genung," that the Freshman class this year is deprived of the privilege of ever viewing the remains.

On over the hills our influence spread, until the Watkins' farm echoed and re-echoed the songs and cheers of old fifteen. There we assembled one evening in the fall, and learned to know each other in a social way. Again in the spring we met at Cat Run, a congenial, strong and united class.

But it wasn't fair to slight old Cleveland Hall, so there, near the foot of the hill, we raised another monument to the purple and gold. Despite the brave efforts of the other classes,

and even the Varsity itself, 1915 bore the basket-ball championship triumphantly away.

So we labored on, surmounted all our difficulties and gave reason for Old Father Time to nod approvingly, as he registered us in the fall of 1912 as worthy Sophomores.

And now another problem awaited us, for there were new faces gazing wonderingly around, and it was our duty to show them the way. So, in the stillness of the night the beautiful winding Raccoon Creek was pointed out to them. Next our attention was called to their personal appearance, and many a fair-haired lad was transformed into a perfect Apollo by the skilful fingers of our boys. We endeavored to show them the strength they should strive to obtain by easily pulling them through the Creek, and winning the football game in the annual conflict. Having thus started them on the way to success, we turned our attention to ourselves, and to the social gathering we were so eagerly waiting for at Alexandria. Who can ever forget that moonlight ride, and the chicken supper awaiting us! But there was even more, for the "Royal Entertainers" were in town that night and consented to give a special performance. How the galleries rang with appreciative applause as we listened to the dramatic rendition of "Somebody Else Is Getting It." Old friendships were renewed and new ones formed. Never had old fifteen seemed quite so dear as when the campus echoed back the songs and cheers of the boys in their parting serenade.

So our Sophomore year is speeding by, and Old Father Time is almost ready to turn another age. "Their task is half completed, he softly murmurs. "They have met both honor and victory, and yet, more is before them."

Freshman Class History

Al-A-Rah, Al-A-Rah, Al-A-Rah-Rah, Rah
 Yo-Yah, Yo-Yah,
 D-E-N-I-S-O-N
 Sixteen!

Faintly was it first heard, this rallying call of the class of 1916 of D. U. Many years ago, it was wafted by the kindly breezes from D. U. far and wide all over our great land; and

those whose spirits were in harmony with this mystic summons, heard the call, turned, and followed the voice.

It led them through the grades, through various high schools, keeping their hearts ever looking upward and onward to "Denison Sixteen."

Sixteen! the year has come. The mighty spirit of Al-A-Rah, Yo-Yah is uniting them in one powerful unit. See! It is

DENISON UNIVERSITY

Saturday morning, September 21, they have assembled in one great body—Sixteen Forever!

The mystic summons has become a part of them, and bursts forth from their hearts in one triumphant cheer.

We all appreciate how necessary it is to use the best there is in both teachers and officers to get the Freshmen started right. No one realizes this more than "Prexy." But when "Prexy" heard that cheer, he smiled with satisfaction in the realization of that moment toward which he too had been looking. "Sixteen has come, this is my opportunity to take a much needed rest."

Nor has sixteen been unworthy of the trust he has put in it. In all the intellectual, religious, physical and social activities

they have taken an energetic part. They have a worthy representative on the University Debating team. They are resolute workers in Y. M. C. A. and Y. W. C. A. In basket ball both the men and women hold the class championship. One long to be remembered social event, was the jolly ride to Alexandria, where chicken supper was served. This was followed by a delightful stroll about the ancient ruins of the city, and a merry ride home by moonlight.

And when "Prexy" came around the world, he found "Sixteen" a little world all in itself.

Senior Class History

THIS Senior Preparatory class, although belonging to the so-called unlucky year of '13, has shown itself to be among the greatest of the classes of Doane Academy. For both in class work and in athletics it has made its influence felt.

In another respect also it should be an example to all classes following. In its Junior year, it gave a suitable farewell stunt to the class of 1912, encouraging its members to prove themselves worthy in the ups and downs of college life. The Senior Prep stunt also was acknowledged to be the best ever given.

Yea, our class is one that is well prepared to take its stand in the ranks of the students entering Denison University.

GRACE SEAGRAVE,
Historian.

"Our Coach"

"Livy" has been with us now for over a year, and has already found his way into the hearts of all loyal Denisonians. He has made a name for himself in the State as an exceptionally able and successful coach in every line of athletics. Compared to some other schools, the number of men from which the teams are to be made up is small, but "Livy" has succeeded in putting out team which are the envy of coaches from all the other schools of the State. His two football teams have been wonders and have fully repaid him for the earnest and untiring efforts he has put forth to develop them. In basketball he has shown himself to be a master in securing team work and speed.

"Livy" is full of pride for his alma mater, and exceptionally successful in imbuing this spirit into the men who work under him. He rejoices just as heartily when a Denison team wins, and feels just as badly about it when they lose, as any man on the team. None of "Livy's" teams ever go into a game with the purpose of merely holding down the opponent's score. With "Livy," the idea is that any Denison team is better than any other team on earth, and while we have him at the head of our athletic department, Denison teams will be in the race all season, and we predict more than one championship for him.

BALL

The Football Season of 1912

THE season of 1912 will long be remembered in Denison's football annals as one of the most successful football years Denison has ever had. All through the season the team was a strong contender for the State Championship, and finished with but two teams ahead. The credit for this showing is due to the excellent work of Coach Livingston, to Captain Deeter's splendid handling of the team, and above all, to the faithful squad of thirty, who showed up every afternoon to work for the perfection of Denison's team.

The striking feature of the season was the development of the open style of play. "Livy" started out by running the team much as it had been the year before, but after the State and Wooster games, the team was drilled in the use of the forward pass until it became the leader in this style of play.

Our first game was with Wesleyan and the team delighted an enthusiastic home crowd by taking sweet revenge for last year's defeat at Delaware. The game ended 19 to 6 in our

favor. Ohio State succeeded in giving us our only defeat of the season, 35 to 0. Wooster was fortunate enough to secure a tie. In this game, fullback Fox was injured and he was lost to the team for the rest of the season.

The Otterbein game showed a change in Denison's style of play, the forward pass being used to such advantage that the game resulted in a walk-away, 60 to 3. The Wittenberg game was a repetition of this and gave us our highest score of the season, 68 to 0. Cincinnati could do little better and were easily taken into camp to the tune of 31 to 13. Miami fought hard but the Denison bunch succeeded in chalking up a 13 to 0 score in one of the season's best games. The West Virginia team could not solve our system of offence and were forced to yield to the better team, 17 to 6.

In all, Denison amassed a total of 211 points to our opponents 65. Here's to the Championship in 1913.

The Season's Scores, 1912

Date	Place	D. U.	Opponents.

Nov. 16	Oxford	13	Miami	0
Nov. 28	Fairmount, W. Va	17	U. of W. Va.	6

DENISON UNIVERSITY

DEETER—"Deet" proved to be one of the best captains and quarterbacks Denison has ever had. He outgeneraled every team he ran up against, and by his shifty and dodging style in running back punts, gained many yards for his team. "Deet's" fine work was one of the chief reasons for the team's high standing at the end of the season. We will certainly miss him next year.

BLACK—Captain-elect Black was the most feared man in the State this fall. His toe was good for points from anywhere inside the fifty-yard line. Lester's nine field goals, four of them in the Wesleyan game, averaged thirty-five yards, with six of them over forty. He scored fifty-three points. Besides this his weight and experience make him one of the best defensive tackles in the game. He will make a splendid captain for next year's team.

RUPP—Whenever a Denison team hits a town where they are to play, everybody asks "Which is Rupp?" He has the biggest and best deserved athletic reputation in the State. For three years he has been on the All-Ohio team. By his fierce line-bucking and expert use of the straight-arm, Rupp scored seventy-four of our points. As a defensive half, he has no peer, breaking interference and getting his man in a most savage manner. He will be missed for a long time to come.

ASHLEY—"Bob" is the other half of the greatest pair of tackles Denison ever had. On the offense he could tear a hole in an opposing line, big enough to drive a wagon through, and with Thompson and Mitchell formed what was probably the strongest defensive line wing in the State. Besides this, "Bob" more than once broke into the scoring column with his hard line bucks. He scored twenty-four points for the team. "Bob" is a senior and we hate to lose him.

1913 ADYTUM

DUNLAP—"Rhiney" won his second football "D" this fall. He isn't very big for a fullback but he makes up his lack of weight by the speed and ferociousness he puts into his playing. "Rhiney" had that "never say die" spirit and put his best into his playing at all times. He never fumbled when he once got his hands on the ball. He had the knack of shifting the ball and straight arming down to a science. "Rhiney" has played his last college football game and we feel just as sorry about it as he does.

HEINRICH—"Fish" enjoys the distinction of never having missed a college football practice except when he had his shoulder broken, in his Sophomore year. "Fish" is a steady consistent end and was a sure man on the receiving end of a forward pass. He made a dependable understudy for Brown and Mitchell and well deserves his two football "D's." "Fish" will be missed next year.

MATTHEWS—"Matty" didn't come out for the team in 1911 but this year he couldn't stay away, and he made good with a vengeance. In proportion to his weight "Matty" hits the line harder than any man on the team and like "Ole Skjarsen" he doesn't know when to stop. He has the kind of spirit a football team needs and will make his presence felt next year.

ROUNDEBUSH—This year's style of play brought out a new star in the person of "Roudy." "Roudy" went out for quarterback and since he couldn't very well take Deeter's place he made his presence so felt on the second team that Livy was forced to give him a place at half on the regular team, where his beautiful long forward passes furnished all sorts of the spectacular element to the team's work. Here's hoping that "Roudy's" arm is working as well next year.

DENISON UNIVERSITY

THOMSON—Thomson is the biggest of the 1915 class's contribution to the squad. He made a regular position at guard and proceeded to tear things up. "Red" didn't find an opponent all season quite good enough to satisfy him, and he played havoc with the offense of every team he ran up against. "Red" has his eye on an All-Ohio position next year, and just between you and me, he'll pretty nearly get it.

MITCHELL—"Chuck" played full-back on the freshman team but "Livy" saw the making of a good end in him and gave him a regular position on the left flank. "Chuck" certainly justified "Livy's" hunch, for he is a sure tackler and a bear-cat in smashing interference. Moreover, Mitchell can handle an opposing tackle whenever it is necessary, and helped Ashley make some of the awful holes that appeared on their side of the line.

REESE—It didn't take "Dave" very long to cinch his job at center, and he starred in this position all season. His passes were absolutely accurate and were of great aid in speeding up Black's field goals. "Dave" also appeared on the receiving end of many of Roudy's forward passes. On defense, he played back to break up forward passes, and very few there were that got by him. "Dave" will make a name for himself before he gets through.

BROWN—"Red" is the smallest man on the team, but that didn't appear to make any difference, for he played a very sure and consistent game at right end. "Brownie's" specialty is going down under punts and he certainly can cover ground. "Red" is a deadly tackler and a fine man on the receiving end of a forward pass. He is a sophomore and will be a valuable man on the team for the next two years.

BIGGS—"Biggsy" is one of those steady plodding players who form the real foundation of a team strength. "Biggsy" played hard all the time and many a "spilled" line buck found him at the bottom. His playing improved all the time and we predict a very successful season for him next year.

WILLIAMS—"Rock" is one of Denison's coming stars. He understudied for Rupp all year, and plays much on Rupp's style. He hits the line with his head down and with all the speed in him and it takes a pretty good team to stop him. "Rock" was a reliable man all season and will make a name for himself on Denison's team before he is through.

LADD—Ladd is a natural back-field man, who is handicapped by lack of weight. He is one of the most reliable men on the squad and, as he has two more years to play will undoubtedly win a regular position before he is through. "Ladd" plays a steady consistent game and can be counted on.

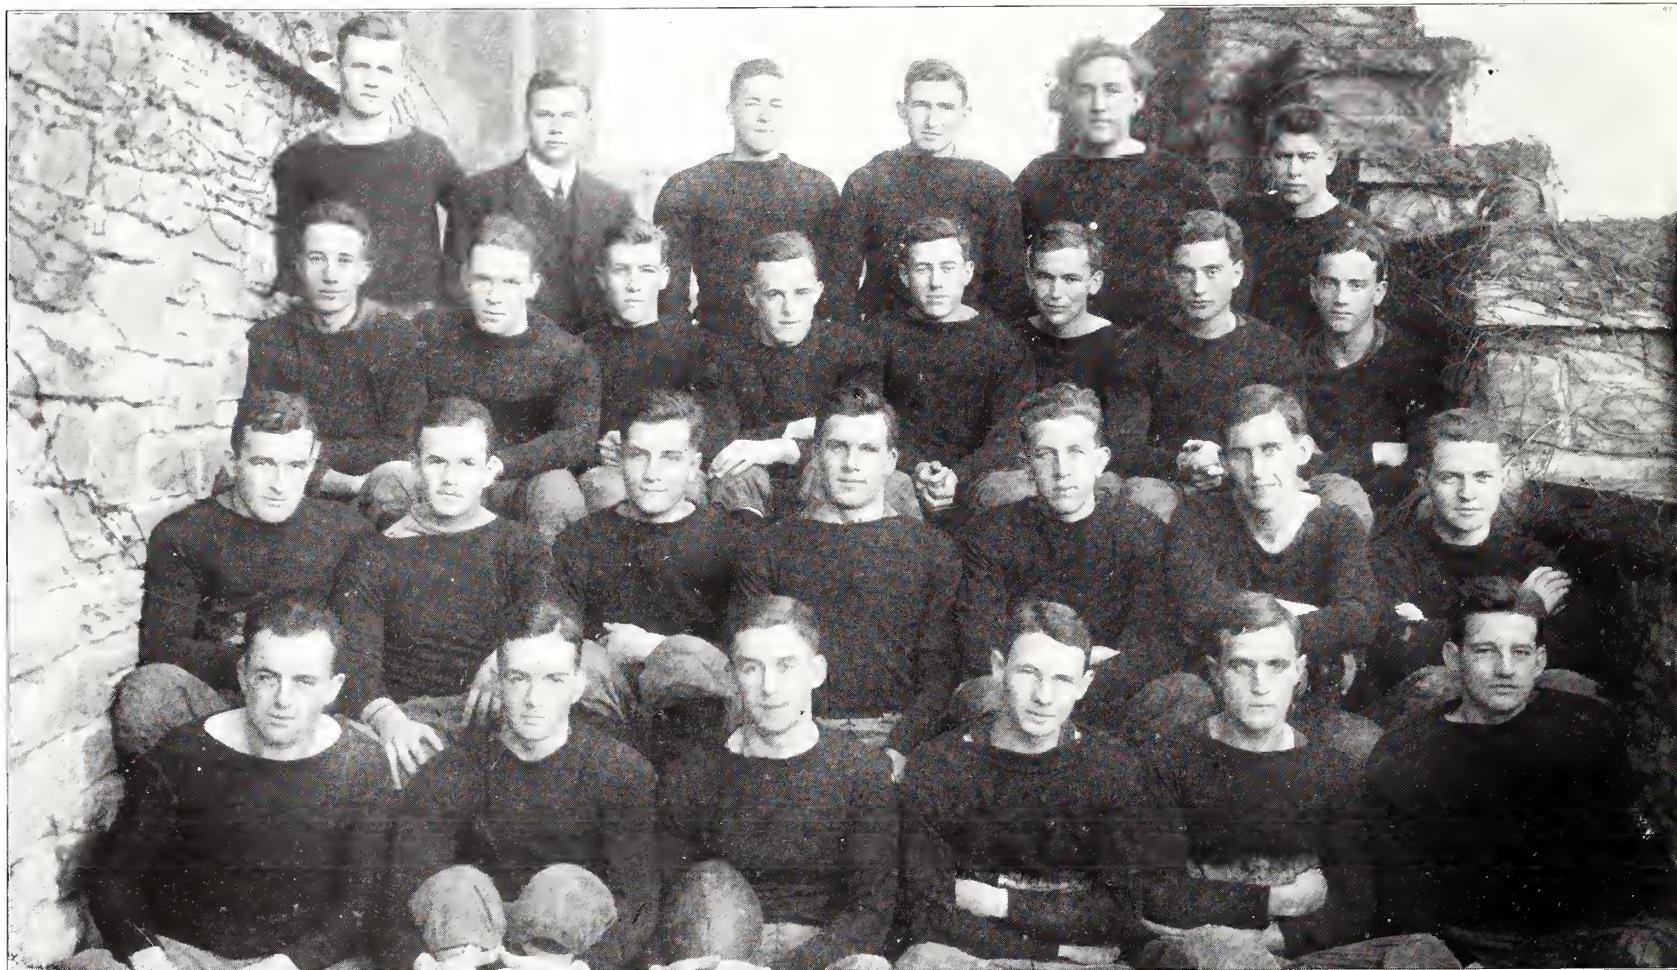

BRADFORD—"Brub" shared the honors of right guard with Biggs and played a strong game all season. He is a steady player, charges low and hard and was very successful in blocking the opponents' plays through his position. "Brub" is another sophomore and will be one of our dependencies next year.

RUMSEY—"Butch" was manager last year and pleased everybody so much that the job was given him again. Rumsey has the rare ability of pleasing the squad and the treasurer too. He gave the team the best of treatment all season and ended up with a comfortable surplus in the treasury. "Butch" is undoubtedly the most successful and best liked manager Denison has had for some time, and we are sorry to lose him next year.

BALL

The Basket Ball Season of 1911-12

WHEN the 1911-12 basketball season started, "Livy" was confronted with the loss of two star players, Higgins and Black, and soon after the season started, an accident to McCann deprived the team of another one. In spite of this "Livy" produced a team which was a credit to himself and to Denison. Although they didn't win all their games, they were in every game all the time and ended the season with a very good average.

The first game, with Hiram, resulted in a defeat, by the close score of 21 to 26. Two weeks later the team gave their best exhibition of the season by defeating Wooster 41 to 39 in an overtime game. The trip between semesters started out auspiciously

by victories over Central and Cincinnati Universities, by the score of 34 to 40 and 40 to 26 respectively. Miami and St. Mary's, however, succeeding in taking their game, 11 to 26 and 18 to 33. On Feb. 10th, the strong Wesleyan five won from Denison 36 to 25. The team then took a brace and ran away from Cincinnati 43 to 19, and the next day took sweet revenge on Miami, 52 to 26. The last game of the season was lost to Wesleyan 25 to 47.

In all, the team scored 310 points to their opponents' 300. So far this year the 1912-1913 team appears to be the best in the state and we predict an unusually successful season for them.

Basket Ball

Prouty

Rupp

Martin

The Basket Ball Team

MORROW—Captain “Jig” was one of the fastest floor-men in the game, and had the happy knack of getting just as many baskets in the hard games as in the easy ones. “P. D’s” chef-d’œuvre was the Wooster game, when, with half a minute to play and Wooster two points in the lead, he slipped in the tying basket, and then threw two more in the play off, putting old D. U. to the front. His team work will be missed.

RUPP—“Babe” played the roving guard all season and was in every game to the limit covering more floor than anybody on the team. Rupp was the starter of many a fine piece of teamwork, and scored 77 points for the team. “Babe” could always be found loose when one of the other members of the team wanted a man to throw the ball to, and will make a valuable man to next year’s team.

PROUTY—“Pete” was one of the finds of the season. Playing his first year of Varsity basketball, this big center clearly out jumped every man he went up against and was in more than a few pretty bits of team play. “Pete” played a guarding game most of the time, but was right there when it came to making unexpected shots. With a little more experience “Pete” will make a star center. He has two more years to play.

CHAILLE—“Hal” proved to be the scoring machine of the season, running up to a total of 90 points. His best performance was the second Miami game in which he caged eleven field baskets. “Hal” plays the sides and corners of the floor and is a hard man for an opposing guard to locate. He will be with us for two more years.

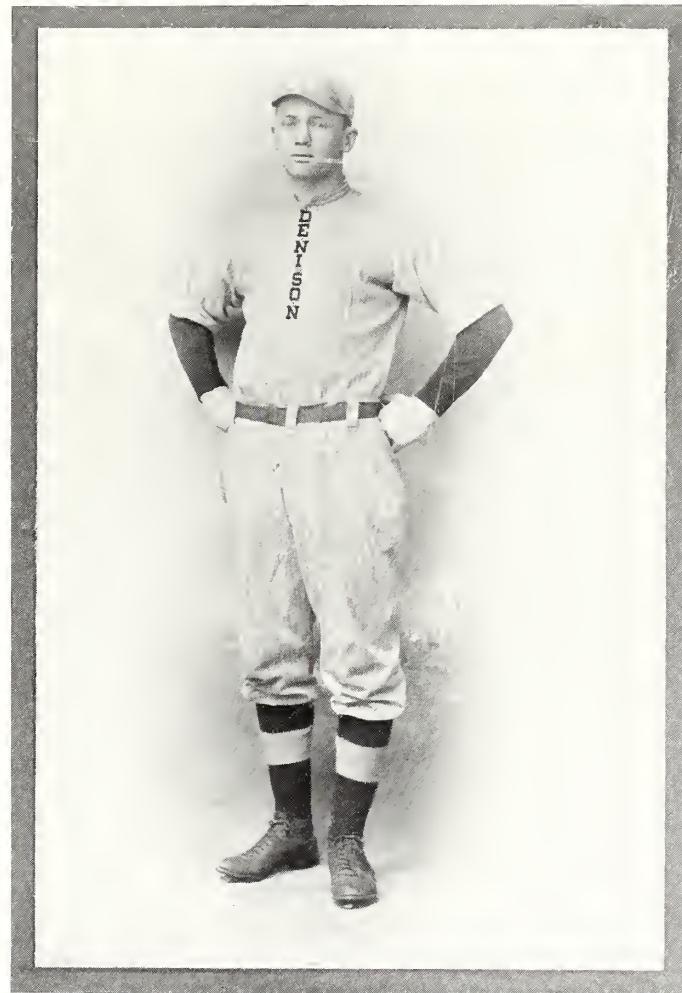

HOLT—This was Walter’s second year with the team and “Livy” moved him to guard where he put up a consistent game. “Walt” left the rest of them to do the scoring and applied himself very successfully to the task of holding the other team’s score down.

HASKINS—“Teck” is one of those fellows who can be relied upon to do his best when called on. “Teck” got in as forward in a couple of games and played guard for a while during the Wooster game. Everybody was glad to see him win his “D” and he will be on the job in the years he has left in school.

H. H. MARTIN, manager. Martin was handicapped considerably in his work as manager by the fact that he did not get hold of the basketball work till rather late, having been chosen to fill a vacancy which then existed. But after assuming his duties he handled the job well and now the boys on the squad look back to the 1912 basket-ball season with recollections of pleasant trips and good accomodations.

The Base Ball Season of 1910

BASEBALL this year has been a decided improvement over last year and can almost be called a success. Altho Livy had five new men on his hands his method of training soon had them all placed in their psychological positions. It is true that we lost more games than we won, but the close scores show that the Denison fighting blood was aroused in the team at all times. The team worked well together and with the exception of one or two games played fast ball.

As was the case last year, the water on Beaver field kept the team from early practice. The squad was not as large as formerly, as Livy thought it profitable to strengthen up the track team with some of the men who came out at the beginning of the season. Only one game had to be cancelled, Wittenberg at Springfield, and this was due to wet weather.

The first game was with the Ohio State League team of Newark. Stage fright caught our boys for the first two innings, but after the second inning Newark was played to a standstill. Score 9-4. We won the next game from Otterbein with a 7-6 score. Denison put up a mighty strong game considering it was

their first appearance. The next game we had the pleasure of putting one over State at Columbus by a score of 5-2. Fine batting and fielding combined gave Denison the victory. The next game was with O. U. at Athens. This game might be well summed up with "too much Dougan," who allowed Denison only two hits. State journeyed to Granville the next day and turned the tables on us with a 2-0 score. Denison played a good game, however, and much improvement was noted in the infield. Wooster was our next victim and we took them in camp with a 5-4 score in a ten inning game. The next week Wooster duplicated State's trick and won by the score of 5-2. Blaser was in his fighting trim and our best wasn't good enough. At Westerville, Otterbein won 3-2. It was another well played game and only bad luck kept the big score on the wrong side. The Alumni came near getting away with the Varsity in their annual game but Varsity's heavy hitting in the fourth and seventh was too much for them. Wesleyan closed the season for 1912 with a 10-1 victory. Denison played a loose game, especially in the fielding department.

DENISON UNIVERSITY

Base Ball

ASHLEY—Captain "Bob" was right on the job from the beginning of the season to the end. He was also there when it came to putting the ball to second and had all of his opponents afraid of his trusty arm. "Bob" made us a sterling captain, not one of the flashy kind, but the kind that can get the real worth out of the fellows. We are glad he will be with us next year.

HEWINS—"Buck" was our utility man and played a star game wherever he was placed. He got the first hit of the season, a smashing two bagger and also brot in the first run. He is fast for a big man and will be much missed when the varsity starts practice this spring.

MORROW—"Tony" was a good running mate for his brother at short. He was fast on the bases and a good clouter. His ability to gather in Bob's throws made it hard for a runner to slip around him. Tony's services will prove valuable in the next two years.

Base Ball

SCHWECMAN—"Schweg" was the find of the season. Under Livy's coaching he developed into one of the best of college pitchers. Because of the weakening of his support at critical times, the scores do not show his true worth. His slow ball had them all doing the pendulum act. His work at bat was unusual for a pitcher. We are mighty glad that "Schweg" will be with us for two more years.

MORROW—Altho kept out of the game at the first of the season due to sickness, "Jig" more than made up for lost time when he did get there. He was a heady player and held down the short position in the most approved style. His shoes will be hard to fill next year.

MATTHEWS—"Matty" was the big man with the stick. Altho this was his first year here on the diamond he cinched his place on the team easily. He practically won the Wooster game. Matty will make a heady captain for us next year. He is a sophomore and so will be with us for the next two years.

DENISON UNIVERSITY

PFEIFFER—"Dutch" was our classy 3rd baseman, and comic orator. He is a natural baseball player, both at bat and in the field. Dutch's respect for the opposing pitchers was well demonstrated in the Alumni game. He is also some coacher and many an opposing pitcher has lost his goat thru Dutch's efforts. He has consented to play with us again next year.

KNOUFF—"Germany" was another of our crack outfielders who was always on the

job. He was also a good slab artist as was shown in the steady game he pitched against the Alumni. He was a good waiter and made a first class lead-off man. His shoe string catch in the Otterbein game will long be remembered.

HOLT—Besides making a good manager, "Walt" held down the initial sack in big league fashion. He was a consistent fielder and could pull them in from all directions.

Otterbein was his big game which he won by his heady base running. We are sorry that "Walt" won't be with us next year.

FORSYTHE—"Ben" was one of our steady outfielders who seemed to put his mit on everything that came his way. Altho an outfielder, he played first in a couple of games in a very credible manner. In the Alumni game he lowered the score materially by spoiling several of Livy's creek boundward drives.

The Track and Cross Country Season 1912

THE prospects of last year for track materialized into a winning combination, taking three out of four meets and also four points in the Big Six. The Track Team opened the indoor season with a meet at Wesleyan on Saturday. Though the score is very much against the home team the defeat was more by quantity than by quality, Wesleyan having two good men for each event. In the first home indoor track meet of the season, the Denison lads showed their superiority by winning 76-17. Only one first was taken by Ohio. Three records were broken: Matthews in the 220 yd. dash, Heinrichs in the quarter mile run and a new record for the mile relay. On March the annual inter-class meet took place in which the class of '14 again won with 44 points to their credit. The only record broken was the mile relay which was won by the Juniors.

The out-doors season was opened by a decisive victory over Ohio U. at Athens. There was no record broken but the men showed excellent form, taking twelve out of fifteen firsts and 84 out of 111 points. The team's visit to Westerville was a disappointment as the meet had to be called off on account of a muddy track. On May 18 the Denison's trackers again showed their quality by taking Wooster over to the tune of 67-50.

Phelps broke his former record in the 220 yd. low hurdles and the mile relay was again broken.

Denison was again represented at the Big Six, drawing two places, a second and a fourth. Phelps took second in the low hurdles and Fish finished fourth in the high hurdles. Phelps was easily the star of the season, winning 67 points out of a total of 250 points. With most of our star men back again next year, we have reason to believe that we will have a very promising and successful future in track affairs.

The cross-country team had but one meet. They went to Wooster with the football team and won from the Wooster boys 16-20. "Bob" Miller finished first, followed by two Wooster men and Essex, Villers and Mills in order. The boys trained long and faithfully and are quite well satisfied as Wooster is one of the strongest teams in the state. We don't lose any of the team next year and it is to be hoped that more meets can be secured.

The inter-class meet for the third time resulted in a victory for 1914, with 1916 second. Miller, 1914, placed first, Tannehill, D. A., second and Villers, 1914, Mills, 1915, and Essex, 1914, followed.

12 1/2	33	46 1/2	15	24

Track

WEBB—"Staf" has won his last points for Denison on the cinder path. He excelled in the mile and two mile. His points were not won by heart-breaking sprints, but by a steady even stride. Staf's work on the cross country team left him in good condition to be a winner in the long distance runs. He is also a senior and will not be with us next year.

MILLER—Altho this was his first year, "Bob," thru his consistent training and hard work, became a star two miler. He had that fast even stride, gained in his cross-country work, but always had the wind for a spurt at the finish. With "Bob" on the job we need not worry about the results in the two mile runs. He is a cross-country man too and finished first in the meet with Worcester as well as in the inter-class meet.

HEWINS—Altho busy with his managerial duties and baseball work, "Buck" found time to add his share of points last year. Altho he was in only three meets he pulled down 16 points, two of them being firsts. He was essentially a high jumper but was also good in the weights. We are sorry that Buck has decided not to come back next year.

PHELPS—Harry was an all around track man but

was best in the sprints. His work on the track team shows what hard work and consistent training can do. Altho this was his first year he broke two records; the 220 yd. low hurdles and the pole vault. Harry won a second in the Big Six making three out of the four points. He also had the distinction of making 67 during the season. We are sorry that he has decided to quit school and so will not be with us next year.

Track

PROUTY—“Pete” is the first real weight man we have had for years. Altho rather new at the work he developed into a weight hurler of no mean ability. He is another of our men who has not failed to place in all the meets in which he has participated. Pete was a hard worker and pulled down 21 points, the third highest of the season. He has two more years to help us win.

DUNLAP—“Rhiny” showed his skill against the opposing teams by coming out fourth in the total number of points. His work in the 440 yd. and 880 yd. runs was his best point winners. He was also another of our crack relay team. Rhiny made a good captain and was not afraid to work for what he got. We are looking for Rhiny to break a few records this year.

MATTHEWS—Matty was another new man who made a place for himself thru his sprints. His specialty was the 220 dash, breaking the indoor record for it. Matty is a natural born runner and by putting him in a 100 or 220 dash we are sure of a first or second. He was much missed in the meets which the baseball trips kept him out of. He is a Sophomore and so has two more years with us.

Track

HEINRICHS—"Fish" has certainly kept up his record for last year and again comes out second in the total number of points won. Fish was the only man besides Phelps to score in the Big Six meet. He is especially good in the quarter mile and high hurdles and holds the record for the high jump. Fish well deserved the captaincy for next year.

R. C. MOORE—Here is one of Denison's star short distance men. In his first year at Denison he made a place on the Freshmen Relay Team and since then has held his own. He has done good work in the quarter mile and on the relay team which has held class championship for three years.

EDWARDS—"Eddy," altho short of body and limb proved himself to be a mile runner above par. His bad side again kept him out of some of the meets altho he won 14 points. His wind and endurance made him a very formidable opponent, despite his small size. We lose "Eddy" by graduation this year.

DENISON UNIVERSITY

Cross Country Team

ESSEX—Essex showed by his run at Wooster that he was a true cross countryman. Altho handicapped by a short stride he sure can run a four mile course. Essex is also a Junior, having one more year to help win in cross country.

MILLS—“Edward,” our new man showed up well. His consistent training and untiring feet got him his place on the team. With his true Denison spirit we will expect him again to help

win the state honors in the cross country.

WEBB—Manager “Red” certainly showed the boys that he tried to get more meets. He has also made great plans for the coming season. Our greatest regret that he will not be with us next year.

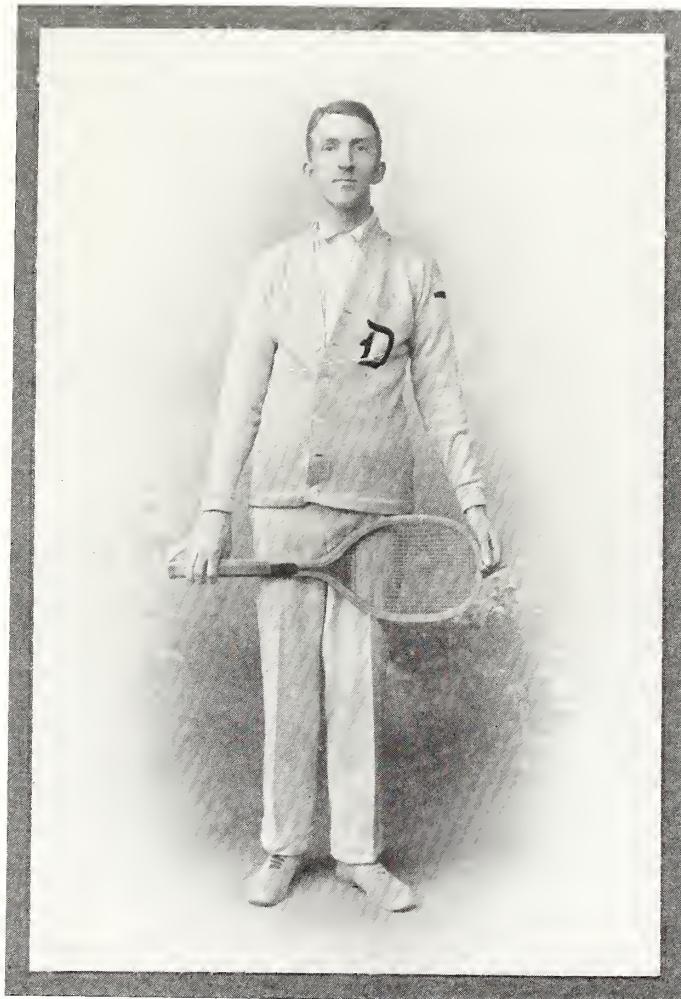

MILLER—Capt. “Bob” was of course Denison’s one best bet in cross country and he made good as usual

with a vengeance. In the Wooster meet he led from start to finish. His stride, wind and endurance will be devoted to Denison for one more year before he graduates.

VILLERS—“Count” one of our ‘14 men was again on the team. His perseverance puts him among Denison’s athletes of endurance. His work against Wooster was commendable. We can “count” on him next year.

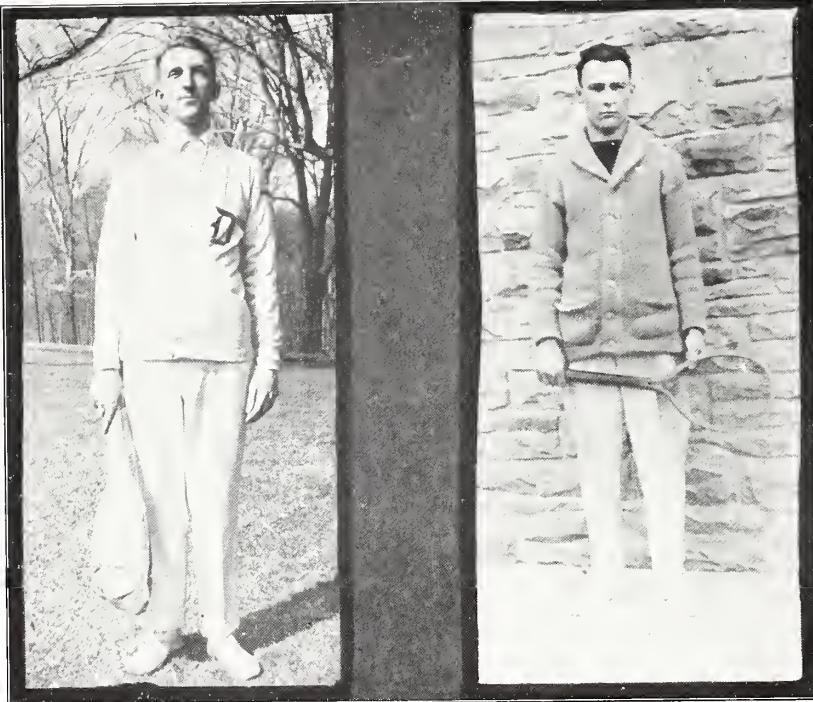

1913 ADYTUM

TEN

NIS

Tennis Team

CHESTER H. HILL—Hill the Captain of the team, played his second year on the varsity. 'Chet' put up a fine game all thru the season and certainly deserved his "D." Hill is an individual player and showed up best in the singles. We expect "Chet" to make the team next year and help make the 1913 tennis season a great success.

CAREY SCOTT—"Scotty" manager of the team pulled off a good schedule and treated the team royally. As a player Scott showed great development, and all of the teams were in fear of his lawford and swift serve. In the match with Kenyon, the Ohio Champions, "Scotty" showed his class by winning his singles. We are glad he is to be with us two years more.

The Seasons Scores

May 3 at Granville.

Denison 0; Ohio Wesleyan 3.
Hill vs. Caldwell 2-6, 7-5, 1-6.

May 4 at Columbus.

Denison 3; Capital U., 0.
Scott vs. Lenski 7-5, 6-0.
Morton vs. Pfleger 6-3; 6-4.
Scott and Morton vs. Pfleger and Lenski, 7-5, 8 6.

May 11 at Westerville.

Denison 3; Otterbein 0.
Scott vs. Nelson, 6-3, 6-2.
Hill vs. Sando 6-4, 5-7, 6-3.
Scot and Hill vs. Jones and Backermeyer 6-4, 3-6, 6-3.

May 18 at Granville.

Denison vs. Otterbein.
Cancelled on account of rain.

May 25 at Delaware.

Denison 1; Ohio Wesleyan 2.
Scott vs. Badly 2-6, 2-6.
Hill vs. Clansing 6-2, 6-8, 6-2.
Scott and Hill vs. Dubois and Badley, 8-6, 6-3.

June 8 at Gambier.

Denison 1; Kenyon 2.
Scott vs. Jenkins 7-5, 6-2.
Hill vs. Manchester 3-6, 3-6.
Hill and Scott vs. Manchester and Beatty 4-6, 6-8.

Tennis at Denison

THE team had a fine schedule for the season of 1912. The schedules included the strongest tennis teams in the state and by the showing made against these schools, the season proved to be a very successful one. The team was composed of Hill, who made the team for the second year, and Scott who played his first year on the Varsity. In the tournament for a place on the team, Morton was placed third and played with Scott in the match against Capital University.

The season started out with a hard match against Wesleyan. Denison's rival came with the experience and confidence gained by a tournament the Saturday before, while the Denison team sadly lacked practice and went down to defeat, altho the scores were very close. The following day May 4, Scott and Morton easily defeated Capital U. at Columbus. On May 11, Scott and Hill, playing in fine form, defeated Otterbein in all three matches on the Westerville courts. Wesleyan in the return match at Delaware, with difficulty defeated the Denison team, who had resolved to break Wesleyan's string of victories of the year. The State Tournament at Columbus was very disappointing, altho the showing made by the Denison Team was commendable. The team was handicapped by having only two

men while all the other schools sent teams of from three to four men. Manchester of Kenyon won the single championship and with Beatty also won the Championship of the State in the doubles. The last match of the season was played at Gambier against the state champions. The showing made against Kenyon was the brightest spot in the season. Scott defeated Jenkins while the champions had to go the limit to win the doubles. A home game with Otterbein was cancelled because of the bad condition of the courts on May 18.

Much interest was taken in tennis at Denison, altho the sport is handicapped by the lack of regular college courts. The courts of the Denison Tennis Association are very poor and the Association has not sufficient financial backing to remodel them. The local Tennis championship was won by Carey Moore who won in the finals from Dave Reese, defeating him 6-2, 10-8, 6-2. The winner was presented with a bronze medal.

The prospects for a winning team for next season are of the brightest. In fact Denison will be satisfied with nothing less than a state championship and the material that will be available justifies this demand. This phase of college sports bespeaks the support of all the students of the University.

Freshman Basket Ball Team

Class Champions

THE class games in basketball for the season 1911-12 were of exceedingly great interest and were watched with keen enthusiasm. Throughout the season there was no lag in the race for the handsome banner which was to be awarded the winning class team. But almost from the first the team picked from the Class of 1915 seemed to be the chief contestant for the coveted banner. Occasionally the team would get the better of the Varsity in practice. The final contest was between the Class of '14, and the Class of '15 the latter winning the exciting game by a small margin and gaining the class championship for 1912.

PREP ATHLETICS

Doane Athletics for 1912

BECAUSE of Doane Academy's relation to Denison, Academy Athletics have always been of great interest to Denison supporters, for Denison's teams always contain a high percentage of Doane men. For instance, Rupp, Prouty, Mitchell, Reese, Biggs and a great many others of Denison's present standbys received their training on our prep teams.

This year, while not as successful so far as scores go, as some of the past seasons, nevertheless showed that Doane still has good men and is able to put out strong teams.

The 1912 football season opened with a hard won victory over Granville High, 7 to 0. The next Saturday the team showed great improvement in holding South High of Columbus to a 6 to 6 tie. East High of Columbus was more successful and secured a 13 to 0 decision over Doane. The next game was with Delaware, the strongest prep team in the state, and Doane got the worst end of a 61-0 score. From here we took a brace and romped over Mt. Gilead, 33-0, Zanesville, 67-0 and Newark 23-7 in good exhibitions. Mt. Gilead, on November 30, succeeded in getting revenge by defeating the boys 12-13.

The acknowledged stars of the season were Rupp and Butler. Rupp scored over half of the season's points by his fast and dodging runs, while Captain "Steve" was a terror on line backs and defense.

The basket ball season of 1911-12 turned out successfully in every respect. The two or three teams previous had set an exceptionally high mark to aim at, and, with the loss of four men from the team, things didn't look very bright, but the season had not gone very far before it was seen that Doane was as well represented as usual.

In the first game of the season the boys took Newark over 30-15 in a good game. On January 20th at Oberlin the Academy there won from Doane 50-18. A week later, West Lafayette was sent home beaten 74-11. At Xenia the boys won an exciting game 22-20, and a week later revenged themselves on Oberlin Academy 38-31. The strong Glenford team defeated Doane 33-24 and Muskingum College repeated this defeat 32-15. The boys then walked over Cambridge in two games, 38-33 and 22-17 and repeated their victory over Xenia to the tune of 39-15. In the last game of the season the Doane boys didn't quite succeed in keeping up with the Deaf boys at Columbus and lost 33-36. In all Doane scored 353 points to their opponents 293.

The baseball season was disappointing in several ways. Many games had to be cancelled because of bad weather, and, owing in the most part to the lack of a really strong pitcher, Doane was defeated by Mt. Gilead, O. S. S. D., and Newark. Here's hoping that we find a good pitcher next year.

It is to be regretted that so few meets could be secured for the 1912 track team for it was one of Doane's best. In the first meet of the season they defeated the Denison freshmen 61-59 and in their only other meet the interscholastic at Wooster gave University School of Cleveland a hard fight for first place. This meet, in schools represented, is equal to any interscholastic in the country and Doane can be proud to stand so high.

With Rupp in the dashes, Clark in the longer runs and Tannehill in the high jump, Doane has three stars to count on for next year and will probably have just as good a team as this.

1913 ADYTUM

Shepardson Athletic Association

THE Shepardson Athletic Association is no small part of the "Sem," and the "Gym" is the center of the attraction.

To the Association any student or faculty of Shepardson may belong. The officers are chosen by the Association with the gymnasium director as Treasurer. The Board is composed of the Dean of the college, the officers and a member each from the Freshman and Preparatory classes. This year's officers are, Laura Prouty, Senior member and President; Dorothy Finch, Junior member and Vice President; Edna Schropp, Sophomore member and Secretary; Miss Teeple, gymnasium director and

Treasurer; Marguerite Kinsig and Margaret Heinrichs, Freshmen and Prep members of the Board.

Shepardson Athletics assume all sorts of forms. Besides the regular gymnasium classes, there is basket ball, swimming, archery, cross country running and tennis which is very popular in spring and fall. Last year, a new feature was added to the work. Each Tuesday the men very kindly opened their bowling alley to the girls, a great many of whom took advantage of this opportunity.

Last spring Miss Teeple introduced a new feature into the work in the form of an Indoor Exhibition of the Gym classes. All the town and faculty women were invited. The exhibition began with figure marching by all the classes. Each girl, dressed in white carried a Japanese Lantern on the end of a long pole. The sight was certainly charming in the half-lit gymnasium. Then followed club and wand drills, marching and games by all the different classes finishing with a Highland Fling by the Junior Dancing Class. The exhibition surpassed even the hopes of the gymnasium instructor and it is hoped that the event will become a permanent part of the Shepardson Activities.

Each fall, the Association gives an informal party in the

Gym, which is usually one of the most important events of the school year and this party, this fall did not fall short. Miss Teeple issued an invitation to all the students and faculty of Shepardson to attend a Hallowe'en Masquerade in the Gymnasium. Such costumes as did appear! One shook hands with a friend and knew not whether he were pumpkin-head or a demon. All manner and description of dreadful and hair-raising objects were present and what a revelation it was when they unmasked. It certainly was a most enjoyable party and the Athletic Association have Shepardson's hearty appreciation for the fun they gave.

DENISON UNIVERSITY

Shepardson Basket Ball

BASKET-BALL is the most popular of Shepardson athletics in the winter time. Though the games are all inter-class games, each Wednesday night finds every girl at the Gym ready to cheer for her class.

The first game is always between the Sophomores and Seniors, and Juniors and Preps, allowing the Freshman a brief vacation to learn how to play. These games are always very exciting and each team has a chance to size up the others. The Sophomores beat the Seniors with a big score, 42 to 4 and the Juniors beat the Preps in a hard fought game 14-11. The result of the games were:

Teams	Games Played	Won	Lost
Seniors	4	0	4
Juniors	6	5	1
Sophomores	5	3	2
Freshman	5	3	2
Preps	4	1	3

After each team had played four games, the Juniors,, Sophomores, and Freshman were tied for first place. In a hard fought game for the championship the Juniors beat the Freshmen 10-8 and a week later, they beat the Sophomores 6-4. So the Juniors were champions for 1911-1912, keeping the championship banner which they had held for four previous years. This team is composed of Laura Prouty, center; Irma Barnes, forward; Ruth Adler, guard; Minnie Tight, forward; and Emma Rose, guard.

At the end of the season, the championship banner was presented to the Juniors and class numerals to each girl who had played in three halves of a game, and to the manager of each team, and to the All-Shepardson team, to whom were presented the "S" was also chosen, composed of Lena Neth, center; Marie Hattersly, forward; Laura Prouty, forward; Ruth Adler, guard and Lillian Boggs, guard.

All-Shepardson Basket Ball Team

LENA NETH—Center. Some centers are good in spite of their size, others are tall but their plays are poor in spite of it. Our "Lue" is a happy combination of five feet nine and a good over-reaching pair of arms. Her motto is "Take your time" and as she is taking it, her guard takes a rest and in goes the ball.

RUTH ADLER—Guard. Yes, she plays guard and plays to win. Her forward might as well not waste energy on trying a basket for it is a feat rarely accomplished while Ruth guards. Her teamwork is splendid and she generally gets the ball when it is sent to her forward.

LAURA PROUTY—Forward. Laura has been a star for so long that most everyone is familiar with her fine work. She is a shark at baskets and it is almost an impossibility to guard her. She has played every position on the team and played it exceedingly well.

Forward.—"SLATS" was always ready to take that ball. No matter how well

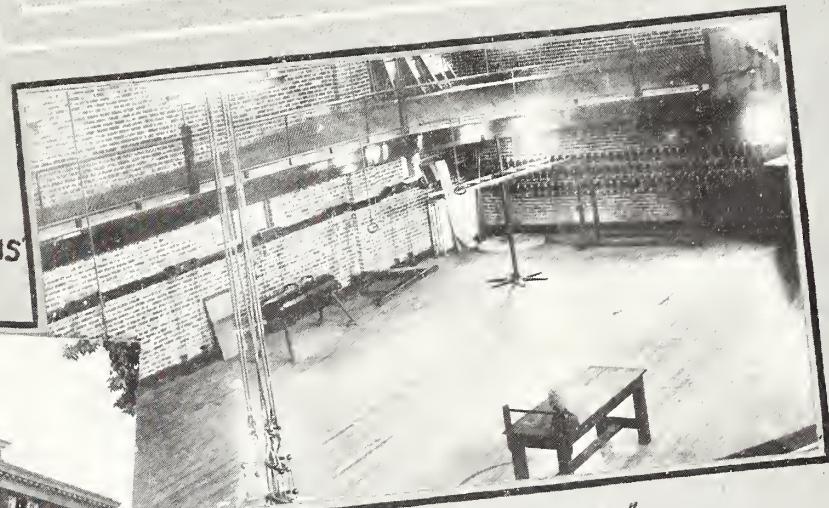

she was guarded, and no matter how far the ball was thrown "Slats" was sure to get it. When it once got into her hands you could depend upon a basket for '14 either from her or from someone to whom she deftly passed the ball. It was a joy to see her play. Splendid on team work, she always kept her head and rarely did she miss the basket.

LILLIAN BOOGS—Guard. Small—but oh my—the energy and speed. She does not need much real strength because her forward rarely got her hands on the ball. Lillian plays like lightning. She darts in and gets that ball before any one else knows it's in play, and if she gets near the basket, which was quite often, there was a wild cheer from '15.

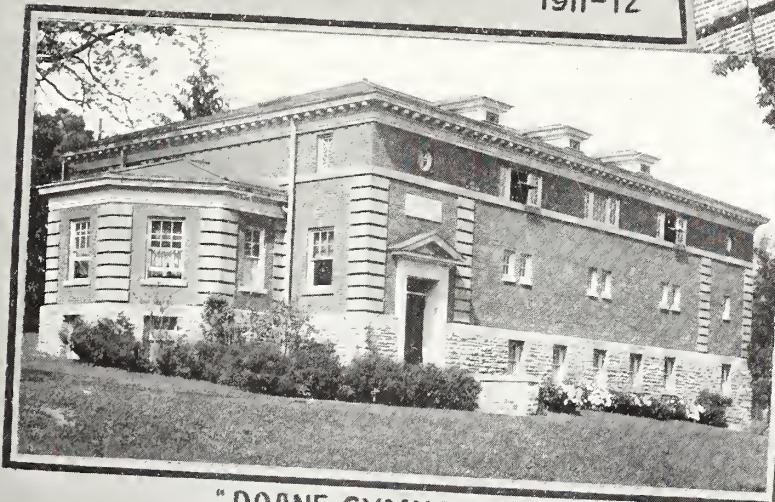

1913 ADYTUM

"CHAMPIONS
1911-12"

"GIRLS GYMNASYUM"

"DOANE GYMNASYUM"

MISS PROUTY

Tennis

FROM the first day the tennis court is in shape to be used until the last day of Commencement Week, the Shepardson tennis courts are always busy. If you haven't registered for an hour, it is almost an impossibility to find a time to play, for from even five-thirty in the morning until dark in the evening "love-fifteen," "serve" and "thirty-all" drift up from the courts. Some of the girls are very good players. Others, not so good, make up for their lack of skill with a great deal of enthusiasm. Our campus is certainly a charming place for a tennis court, and even if the game itself were not tempting, the beautiful trees and grass would pull one out.

Last year, doubles were not played, but singles were very popular. In the final match Laura Prouty won over Lois Davis 9-7. Marie Hattersly had been disqualified by a ruling made by the association that no one having once won a championship could compete the following year in that event. On Carnival Day she defended her championship in a set of games with Laura Prouty and won 6-2; 6-1. Both girls are all around athletes and the contest was a sharp one.

MISS DOROTHY FINCH

MISS BEYER

SWIMMING is, perhaps, one of the finest sports, physically, that one could wish for and Shepardson girls are not far behind in this sport either. Whenever the pool is open, on passing Doane gymnasium, you can usually hear shouting and splashing, signifying that the pool is not empty and that some one is enjoying herself. The contest is held in the spring

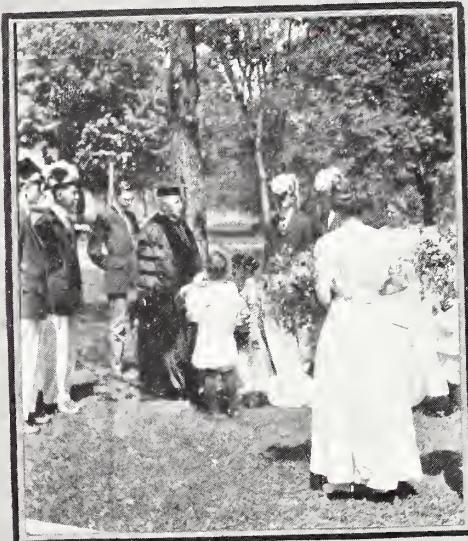

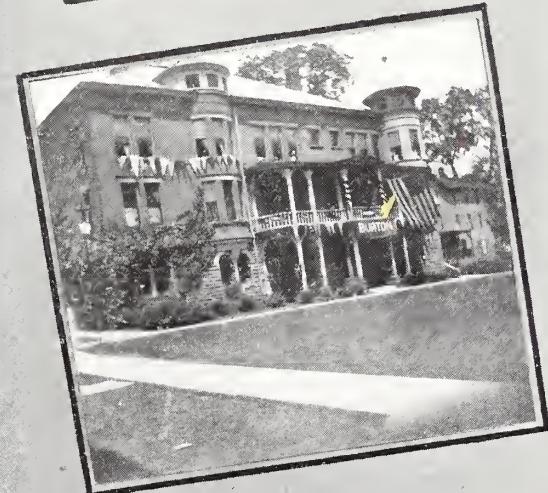

Archery

ONE of the brightest spots on our campus in the spring time is the bull's eye target. Archery is fast becoming a very popular sport among Shepardson girls. It takes a pretty good eye, a clear head, and a steady hand to hit the bull's eye. Last year on Carnival Day, Margaret Boyer was the lucky winner with Emily Spencer a close second. Dorothy Finch, our Archery shark, was disqualified because she had won the championship last year. Though Margaret Boyer's record was not so good as Dorothy's, she was a fine shot and with practice seems likely to threaten Dorothy's well-grounded reputation.

Swimming

and any girl may enter. The pool is so small that it does not afford room for distance swimming but a good chance is given to show one's ability in diving, treading water, floating, and swimming in various ways. Last year, Dorothy Finch, Alma Brumback, and Marion Dowkowntt, were contestants. Dorothy Finch was the lucky winner. She was especially good in diving but in many other ways showed her superiority.

DENISON UNIVERSITY

Carnival Day

CARNIVAL DAY is our big gala-day, when Shepardson puts on her gayest and brightest colors. Last year she was not behind-hand and the morning of June first found every girl up bright and early, making King, Stone and Burton Halls resplendent with banners and bunting. Around on the campus were Y. W. C. A. booths in which the new Denison song-books and confectionary were for sale.

Promptly at two o'clock, a grand march of all the participants in costume, formed near the gym and proceeded around the campus.

After the grand march, came the preps in a very pretty little Swedish Weaving dance and the Freshman, each with red, white and blue bunting over their shoulders, did a scarf drill.

In the archery contest which followed, Margaret Boyer won though Dorothy Finch held the championship as she still had the best record.

The Spanish waltz by the Juniors in Spanish costumes was very effective. After it came a set of tennis, played between

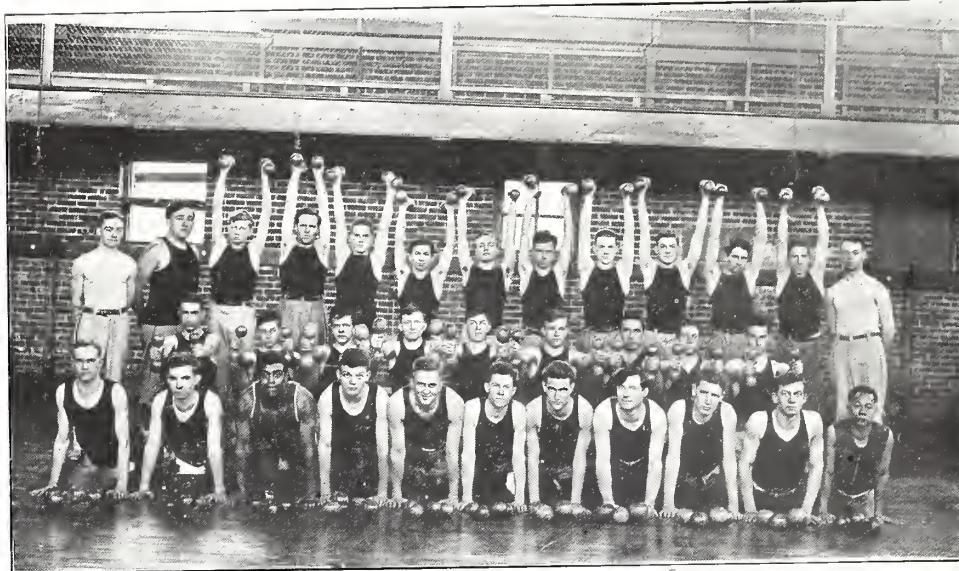

Laura Prouty and Marie Hattersly, which proved Laura champion for the year.

One of the events which proved interesting was the Senior girls Hoop Race in caps and gowns. The girl who succeeds in getting her hoop to the end of the hundred yards first without allowing it to fall over is the winner. Edith Philbrook managed to accomplish this difficult feat much to the surprise of her friends.

The May Pole drill by the sophomores was especially effective for various light colored buntins as pink, blue, lavender, etc. were used making a rain-bow effect.

Dr. Hunt, after a little speech presented the prizes to the winners of the day. To Edith Philbrook, for winning the hoop race was given a Denison Pennant. Margaret Boyer as winner in the Archery Contest was presented with a box of candy. A fine new racket was given to Laura Prouty and Dorothy Finch had her name engraved on the Swimming cup as Swimming champion.

The day closed with a grand march of the faculty and all the classes.

Denison Physical Department

CORRELATED development of mind and body has always been the aim of Denison. The mind must be backed up with a strong body, and the body with a strong mind or this equilibrium and correlation which should exist is broken. Perhaps this ideal of the proper interlinking of the physical and the mental has never been obtained more fully than under the able leadership and planning of W. J. Livingston, '09, who has introduced into Denison students the desire for physical exercise and properly graded gym work. Physical Director Liv-

ingston has spent much time in planning classes, has obtained new apparatus, and has given his personal attention to the directorship of the classes and the development of a real gymnasium spirit.

Without a true spirit of recreation behind the work, gym work becomes dull and uninteresting and in consequence of little value to the student whose need is both physical recreation and bodily exercise. By the introduction of new and novel work into the physical department "Livy" has made the work much more appealing and up-to-date than is the case in any but the best-

regulated gymnasiums. In consequence, the gym classes have become well attended.

One or two features have been introduced this year which are worthy of note. The adoption of a regulation gym suit required of all gym students introduces a military uniformity which is a vast improvement over all past arrangements. Again much has been done to broaden the field of athletic endeavor and to attain the ideal of athletics—to have every man have a chance to engage in some particular line of athletic work. "Livy" as head of the Physical Department has introduced frequent competitions open to all men of the college, and not beyond the prowess of the ordinary college man.

Gym work as carried on at Denison gives every man a chance to get out into the athletic work, if he will apply himself conscientiously to following the work laid down in the gym courses. If special work is desired, the head of the department is always able and willing to advise and provide for any work which may aid the physical development of Denison men.

With the physical department has always gone a high ideal of clean living and manly honor. It is safe to say that if each applied himself to the work now laid out there would be no need for any weak bodies, undeveloped muscles or lack of vigor and purpose.

LOWER Row:—G. F. Finnie, Prof. C. E. Goodell, V. H. Hoppe.

THE Council of Debating and Oratory is an addition to Denison of but three year's standing but in that short time has done the most effective kind of work. Selected from the Faculty and the two men's college literary societies, the Council can exert a very beneficent influence upon work of this kind in Denison, and in the past and at present is pushing Denison on in the debating world. The Council is seeking to arouse a greater interest in debate. The

teams met are the best available in Ohio. The rewards for debating are attractive. This line of work bespeaks Denison support, for it is an enterprise worthy of support. Thanks is due to Prof. Goodell for his untiring efforts to make Denison even better known in the debating world and in training the teams which represent the school.

This year Ohio and Miami Universities were met in triangular debate.

Goodell Debating Society

R. R. Weber, L. C. Pinkerton, R. B. Deer, A. C. Wickenden.

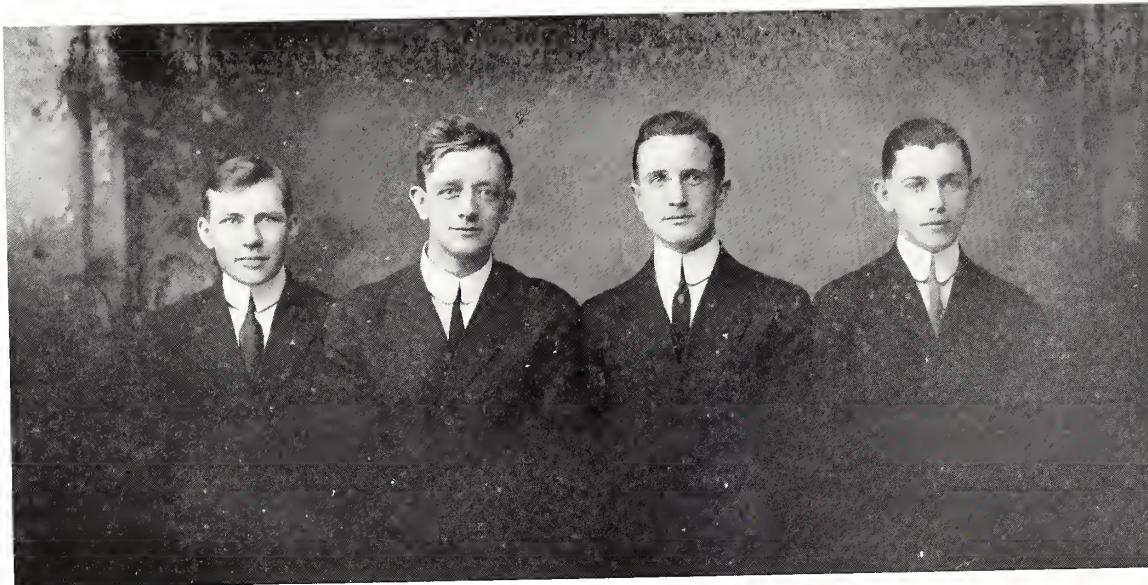

Goodell Debating Team vs. Miami Mar. 15, 1913, Miami Auditorium.

Proposition: "Resolved, That all Ohio cities having a population of 15,000 or over should adopt a Commission Form of Government."

Affirmative—Goodell Team; Negative—Miami.

Decision to the negative—unanimous.

DRAMATICS

Dramatics at Denison

DENISON has not had a large number of distinctly dramatic productions in the past year, although all given have been of uniformly high grade. We might mention among the foremost of these the light opera "Pinafore" which was a somewhat new undertaking here. The opera was exceptionally well rendered by the Conservatory students assisted by members of the Conservatory faculty and a well-trained student orchestra. The performance was so successful that "Pinafore" was repeated before a Newark audience at the Auditorium Theater.

The Denison Dandy Darkies as usual was a minstrel show of exceedingly high grade. The college sketch "At Old Marsh" showed marked originality and was a decided hit in its portrayal of the humorous features of Denison college life.

Calliope, which alternates with Franklin in the giving of an annual literary society play, departed from the former custom of giving a difficult classic drama which culminated in the presentation of "Richelieu" last year. This year's play "Half-Back Sandy" was well supported with a cast that evidenced good histrionic ability. Its action was rapid, involving many humorous situations which were well acted and which made the play exceedingly interesting to the audience.

Besides those mentioned above a number of informal plays have been given. The Glee Club sketch "The Night Before the Game" deserves favorable recognition as well as various plays which have been presented by Shepardson organizations.

During the course of the year there has been considerable sentiment aroused in favor of "mixed dramatics." The lack of mixed dramatics is now one point working against the success of Denison's plays.

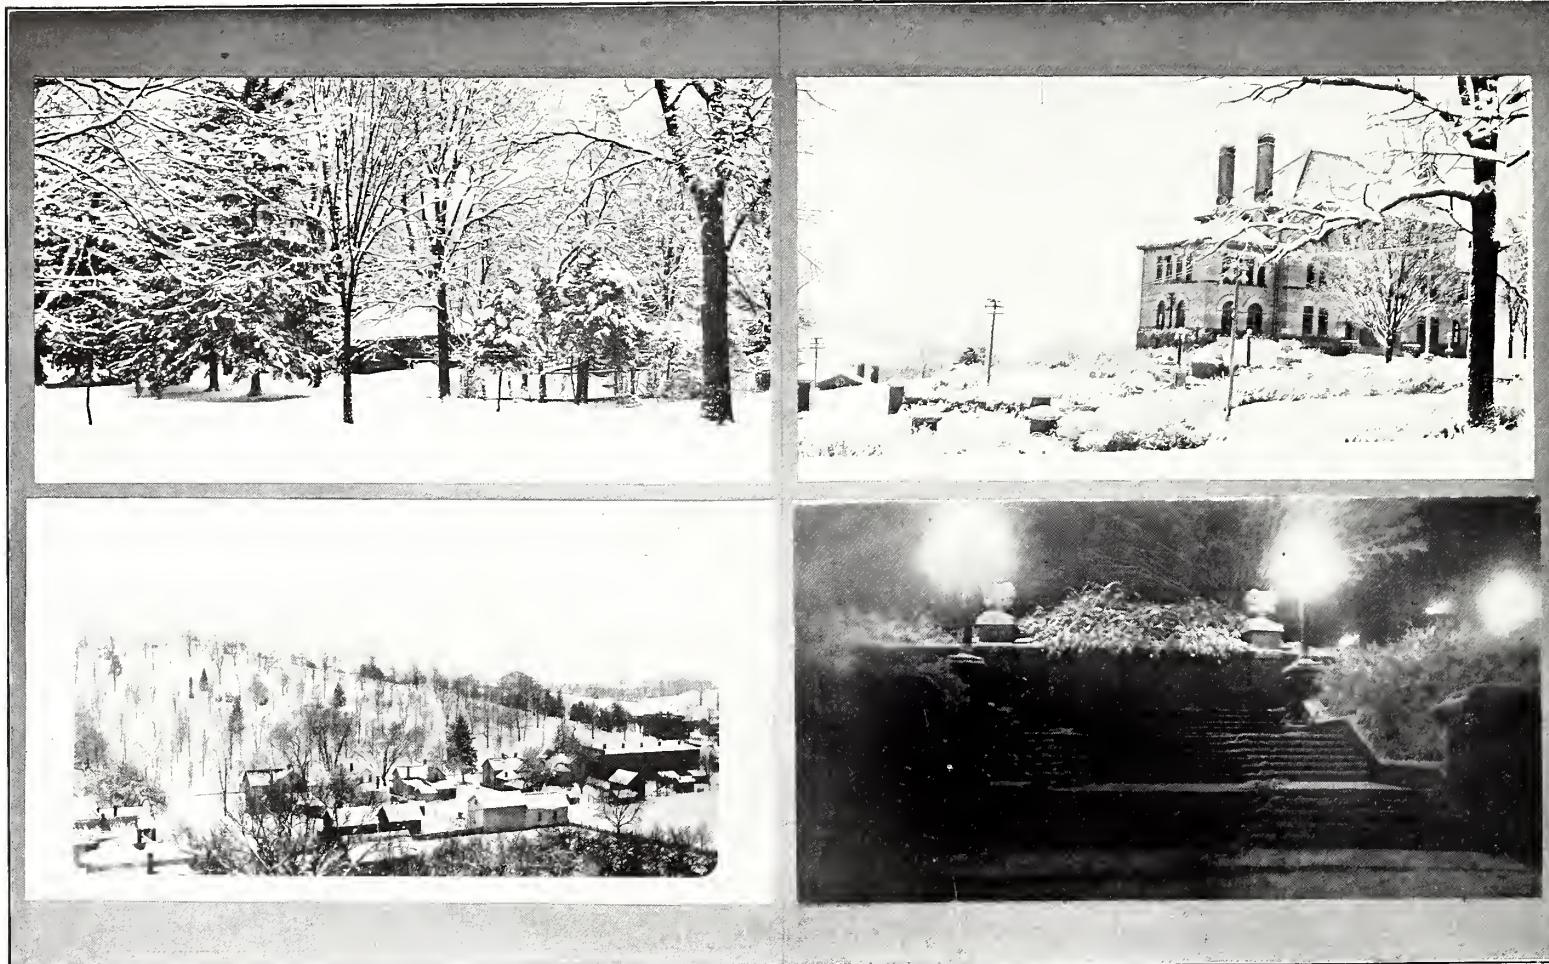

However, there is one play each year which is distinctively a part of Shepardson customs and which belongs to the Senior Girls,—the Senior girls play. "The Winter's Tale" was the play of last Commencement. It was presented according to the customs of the stage in Shakespear's day. The girls of the Class of 1912 deserve great credit for their most capable presentation of a difficult Shakesperian play.

Egwerson Choral Society

OFFICERS.

President.....	Malcolm E. Stickney
Corresponding Secretary.....	Dorothy R. Swartz
Secretary and Treasurer.....	Katherine C. Critchfield
Director.....	Carl Paige Wood
Librarian.....	Paul W. Curtis

THE Engwerson Choral Society, one of the oldest societies of its kind in this state, had its origin in the Schubert Choral Union at whose head was Mr. Otto Engwerson. Under this name it carried on its work for several years. It was then given over to the direction of Mr. Arthur Judson, under whose leadership several successful Spring Festivals were held. Upon the departure of Mr. Judson, a reorganization became necessary, and, eventually, in memory of its original director, Mr. Engwerson, the society assumed its present name.

At least two groups of concerts are given each year, this year's offerings being the "Messiah" and the "Redemption." As an additional feature this year the society brought to Denison a soloist of rare ability, Mrs. Grace Bonner Williams, who gave a recital last February.

Plans for a permanent endowment fund are rapidly progressing, with Mr. Bauer of Newark, as trustee of the association, and it is hoped that the society can be put on a firm basis financially which will enable it to carry on its work on a larger scale.

The Denison Glee Clubs

The Denison Glee Club was organized in 1902 and was attached to the Conservatory for some time, becoming an independent organization in 1906. Its standard of work has always been high and each year sees better success than the preceding one. The Club has met with a very successful year this season and good crowds have welcomed them everywhere.

The Club owes much to the very efficient leadership of Mr. K. R. Babb. Mr. J. W. Wolfe has served most capably in the double capacity of manager and soloist.

One of the decided features of the concerts this year is the play, written by Mr. E. L. Bobb, entitled "The Night Before the Game." The feature acting of the play is done by Mr. C. E. Thompson, who has made a decided "hit" in all the concerts.

Among the activities of college life the Shepardson Glee Club has held a place of considerable importance. For those who get no more personal musical training, the glee club work serves as a link connecting them with the larger realm of music and bringing them into contact with some of the best works of the great composers. The club had its origin in 1905 under the name of the Eurydice Club but it soon assumed the name of the Shepardson Glee Club. Under the leadership of Mrs. Wil-

son the club was well organized and after her departure Miss Marion Rose very ably filled the position left vacant.

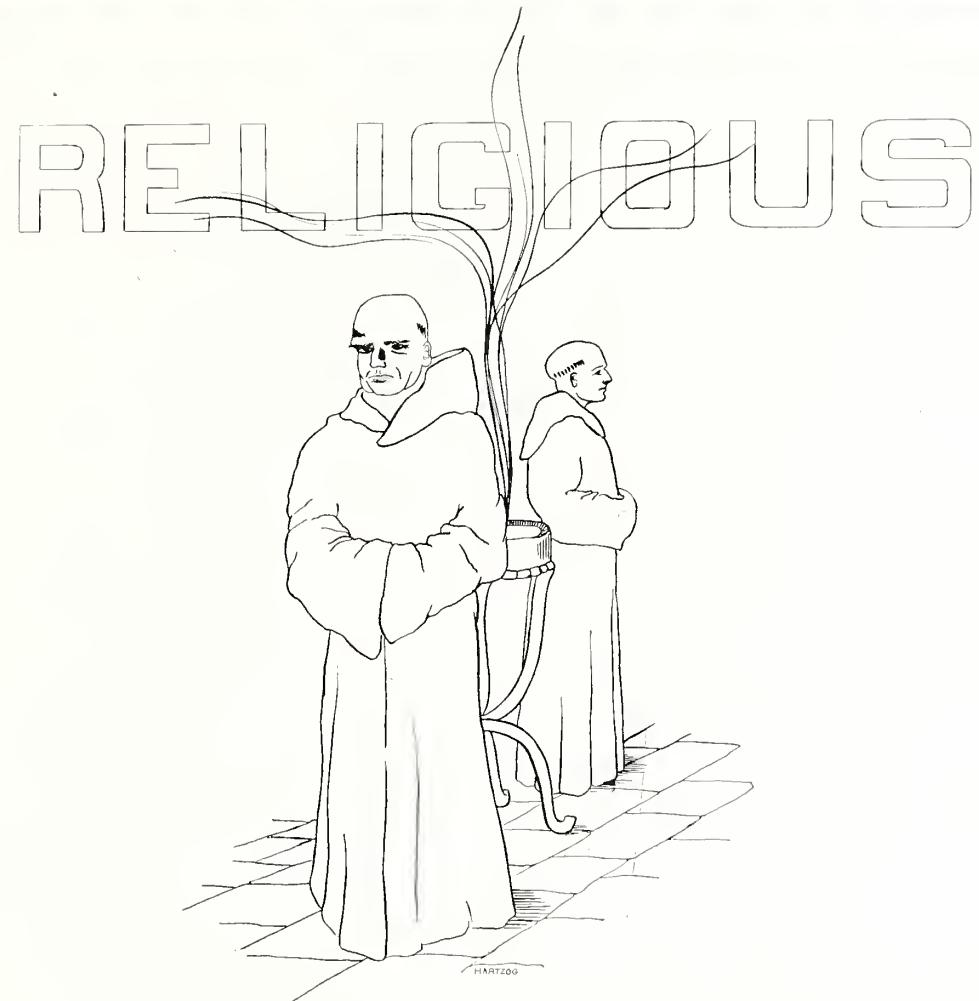

The season of 1912 was particularly successful, and proved to all what the club was capable of. In May the large concert of the club was given in the Town Hall instead of in Recital Hall as it had been in former years. This concert proved a great success not only for the club as a whole but also for the soloists and the quartette which was composed of Stella Cox, Vivian Critchfield, Marjorie Holden, and Ruth Abell. Besides the customary program the club presented a college song by moonlight which was very artistically executed. On Decoration Day the Shepardson Glee Club sang before a joint meeting of the Associations of the Daughters of the American Revolution of Newark and Granville.

The work this year was taken up under the leadership of Miss Harriet Haggard. Just before Christmas the club gave a delightful little concert which presaged another successful concert in May. In this work besides bringing good music to its members, the Shepardson Glee Club is adding to the musical activity and education of the college community.

THE Ministerial Association includes in its membership those men, both of the College and Academy, who are preparing to preach and for Y. M. C. A. and mission work. Many of the ablest men that Denison has turned out have been identified with this organization. Its present personal includes two Phi Beta Kappa men, Y. M. C. A. President, Student Volunteer President, B. Y. P. U. President, six members of debating teams, two presidents of literary societies and several honor men and prize-winners.

Meetings are held by-weekly on Tuesday. These have been addressed this year by President Hunt, Dr. Francis of Boston, Dr. Rose, Dr. Bennett, Dr. Seasholes, Rev. Mr. Haskins, Dean Allison of Colgate Seminary and several of our own professors.

The pulpits of a number of Ohio Churches are being supplied by members of this Association and several of the men have done good work on the Gospel Teams.

The Scientific Association is primarily an organization for scientific students of all departments. It was organized in 1887, and has since that time served as a medium of exchange for scientific knowledge along the different lines. This society numbers among its former members men whom they can ever be proud to claim.

Each scientific department is represented on the program by section reports which cover various phases of work in their respective department.

A very complete library of scientific publications of all nations is maintained. From time to time the association publishes "The Bulletin of the Scientific Laboratories of Denison University, which covers the research work done in the various departments. This publication through exchanges with other schools has done much to establish the prestige of Denison.

OFFICERS

President..... R. C. MOORE
Vice President..... EDITH SOUTHALL

The C. L. Herrick Geological Society was founded in 1907 with twelve charter members. Its primary object was to promote a keener spirit of investigation in Geology, and provide for the better acquaintance of students interested in this department. This aim has always been in sight and as a result much efficient work has been accomplished.

The society holds monthly meetings in which practical sub-

Secretary HELEN STREATOR
Treasurer O. B. KIRK

jects are discussed. Research work is encouraged and aided by this society.

The membership is limited to twenty, all of whom must have shown marked interest in the Geology department. By this limitation as to membership, the society is enabled to do work of the highest efficiency. As a fitting climax for the year's work, an annual banquet is held.

Denison Chemical Society

FIRST Row—L. L. Bruce, E. R. Marsh.

OFFICERS

President..... K. L. HALL
 Vice President..... C. E. REICHARD

This society is the youngest of the organizations here at Denison, this year being its fifth season of activity. Though young it is accomplishing real and interesting results. This is purely a student organization and has for its main purpose the stimulation of chemical activities and interest. Meetings are held each month on the first Wednesday night. A feature of this year's work has been the reports of students who have visited various manufac-

..... BESS NICOLLS

Treasurer..... E. R. ASHCRAFT

turing plants and report to the society the result of their investigations. In this way much useful and valuable information is obtained by the Society.

When we consider the fact that Chemistry as science at Denison is young, indeed, dating back only to about 1905, we can more truly appreciate the growth of this society.

One of the additions to Denison institutions in the course of the last year has been the adoption by the student body of an Honor System. The establishment of an Honor Court, a strictly student tribunal, marks the highest development of this phase of

self-government. This Court is composed of members chosen by election from the four classes, and acts as a court before which all infractions of the Honor System are settled.

Student Government

FIRST Row—Mildred Bailey, Phoebe Johnson, Ruth Adler, Jesse Laing, Bess Bennett, Orga Dickerson.

SECOND Row—Margaret McNutt, Vivian Critchfield, Stella Cox, Ruth Hastings, Christine Hartley, Alice Bullett, Grace Doup.

Shepardson girls are proud of their Student Government Association, and the high standard it has attained in the last few years.

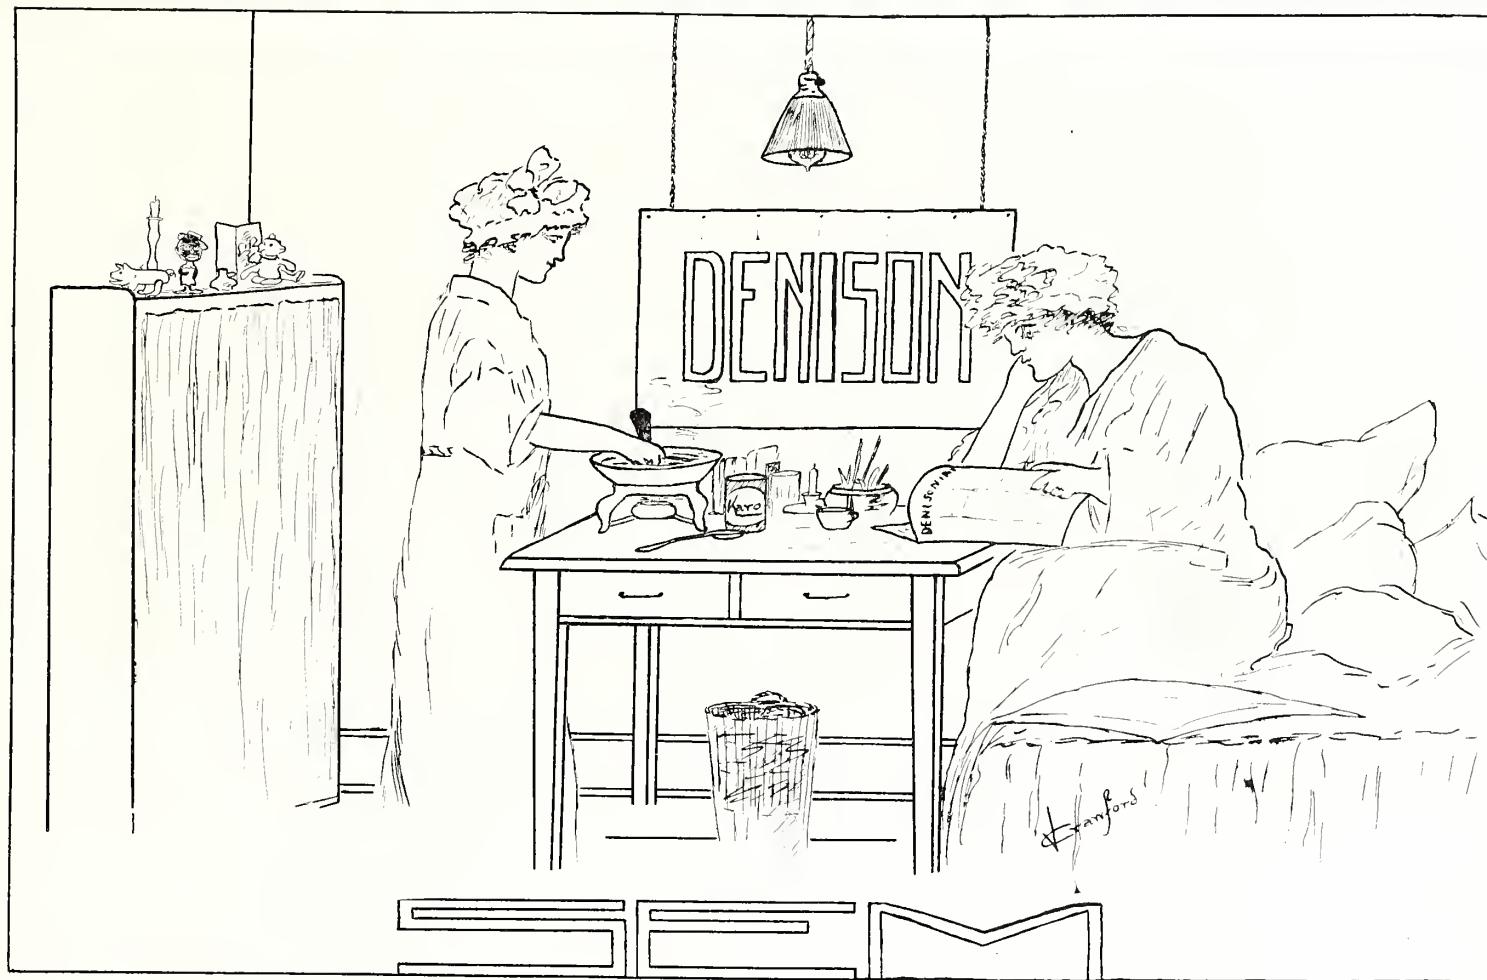

It was probably with fear and trepidation that the faculty, in 1904, decided to give into the hands of the girls the supervision of their own conduct. But Shepardson women rose to the occasion and proved themselves worthy of the responsibility. Today, with its corps of splendid workers, Student Government stands the most efficient organization in Shepardson.

"Hastings" as President, and A. Bullett as Secretary, represent the long and the short of the situation—but together they have carried

out the executive part of the work admirably. Christine Hartley has done her part in making the Dining Hall a place of true culture and refinement, and Stella Cox has stood guard over forbidden roads. These girls, together with their loyal helpers of the Street and House Councils, have made this year a splendid success.

Student government in Shepardson stands for more than mere college discipline. With the cheerful co-operation of the student body and the training of its workers, Shepardson is able to send out each year girls capable of truly efficient service.

Phi Mu Alpha

There has recently been established at Denison a chapter of Phi Nu Alpha, a musical fraternity of national repute. The Nu Chapter now consists of nine active members and two pledges.

This organization has chapters in the leading conservatories throughout the country, among them Cincinnati, New England Conservatory of Music of Boston, and Northwestern University.

The officers of the local chapter are: C. P. Wood, president; J. M. Priske, vice-president; D. M. Hopkins, Secretary; J. W. Wolfe, treasurer; and K. R. Babb, Warden; librarian, Malcolm E. Stickney.

CHARTER.

TO

Richard S. Colwell

Emory W. Hunt

Francis W. Shepardson

Augustine S. Carman

Edgar J. Goodspeed

and Ernest D. Burton

C. Judson Herrick

William B. Owen

Whereas, the National Council of the United Chapters of the Phi Beta Kappa Society has by resolution duly adopted on the fourteenth day of September 1910 decreed the establishment of a Chapter of the Phi Beta Kappa in connection with

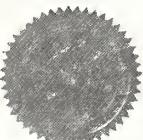

Denison University at Granville, Ohio

and has directed the Senate by the President and Secretary to issue a charter in the name of the National Council: Now, therefore, by virtue of the aforesaid act of the Council and the authority delegated to us, we do hereby incorporate and establish you and such others as you may hereafter elect and associate with yourselves, in conformity to the law of the Phi Beta Kappa Society, into a separate and subordinate branch of said Society to be known and called the

Theta Chapter of the Phi Beta Kappa in the State of Ohio

hereby granting unto you and your successors all the powers, privileges and benefits thereunto appertaining, in as full and ample a measure as the members of the other and existing chapters enjoy; at the same time enjoining upon you in the organization and conduct of the new chapter, and as a condition upon which this charter is granted, strict compliance with the Constitution of the United Chapters and the Model Constitution herewith transmitted to you.

In Witness Whereof the said Senate has caused the seal of the United Chapters of the Phi Beta Kappa to be affixed hereto, with the signatures of the President and the Secretary.

DENISON UNIVERSITY

1913 ADYTUM

DENISON UNIVERSITY

Calendar Adytum 1913

MARCH 14—The whistle blows and 1914 kicks off to the '13 yard line.

MARCH 15—Dick leads chapel and forgetting his "20th Century Book of Facts" reads from the Bible.

MARCH 16—The great "Royal Welsh Choir" hits the town. Cicero Banquet in the evening.

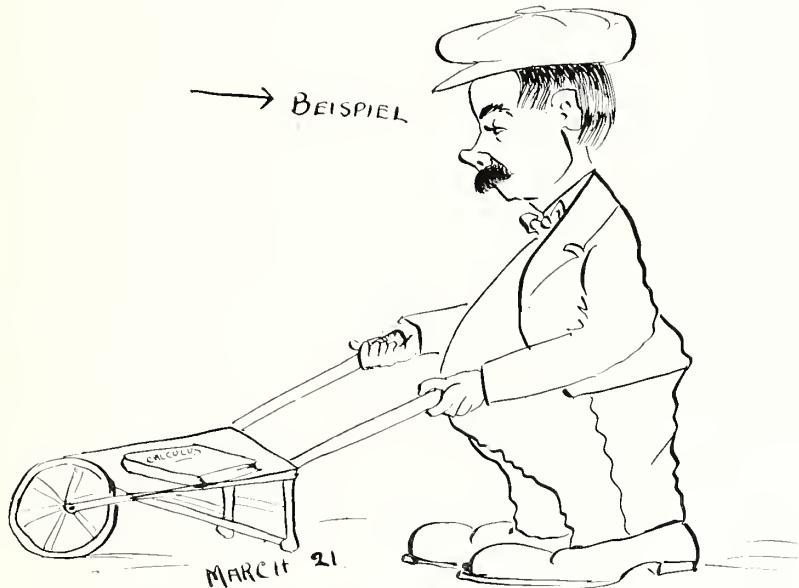

MARCH 17—St. Patrick's Day. Dr. Hunt speaks at Y. M. C. A. Convention in Springfield.

MARCH 18—Dutch lets out chapel twenty minutes early. First touchdown for 1914. Track meet with the Preps. 1914, 65; Preps, 36.

MARCH 19—The Betas get out of prison. Kibby locks his eight-thirty class out.

MARCH 20—Freshmen show the Varsity up badly:
Varsity 30, Newark Y 33.
Freshmen 51, Newark Y. 21.

MARCH 21—1913 girls win the Sem basketball championship. Biespiel moves his worldly goods to his "Castle" on Elm street.

MARCH 22—The Chapel Choir waxes Latinistic. Denison U. beats Ohio Wesleyan in a dual Glee Club Meet.

MARCH 24—Miss Benedict spielt on the organ.

MARCH 25—Faculty and assistants ?? attend Sem Gym Exhibition.

MARCH 26—Calliope Extra. Cicero-Irving colors appear. Peeved because I didn't get my Phi Beta Kappa key.

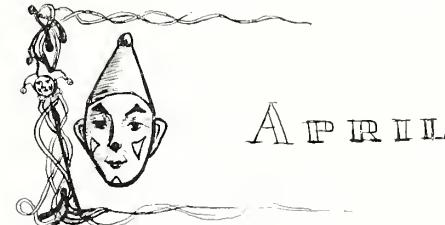

MARCH 27—Irving again tells Cicero where to get off.

MARCH 28—Dr. Gilpatrick dies suddenly of heart failure. Everybody goes home.

MARCH 29—Vacation.

MARCH 30—Kibby gilds his bald pate with a new Easter Bonnet.

MARCH 31—Continuous rain and snow for the rest of the vacation.

APRIL 3—1914 must be prospering as the class treasurer buys a new Fraternity Pin.

President—

Vice President—

Treasurer—Earl Wolfe of Dayton, Ohio, the Home of the N. C. R.

Secretary—

APRIL 4—Everybody back.

APRIL 5—Memorial services for Dr. Gilpatrick.

APRIL 6—Sprig, sweet Sprig, is kub.

APRIL 7—Easter Sunday. Everybody out to church to see the new bonnets come down the line.

APRIL 8—Stewed Government has a meeting. "Oh! you dear delightful Spring time."

APRIL 9—First baseball game. Newark 9, D. U. 4.

APRIL 10—Heating plant goes on a strike and we talk no more to our friends at the Sem.

APRIL 11—Notice, young women. "Westward Ho", according to advice given in Chapel.

APRIL 12—Kibby smiles and spoils the large panoramic picture. Pinafore tonight.

APRIL 13—The popular girls in Burton Hall go on a spree, all by themselves.

APRIL 15—In the Senior girls Essay Contest, somebody must have wound them up and went away and left them going.

APRIL 16—Trustees arrive. 25th Anniversary of Scientific Association.

APRIL 17—"Dandy Darkies". Some show.

APRIL 18—Prexy announces that he is fired. The first bowling party of the year.

APRIL 19—Horrors! Robbers explore our quiet little village and seeing Buxton's Jewelry display carry it off.

APRIL 20—Forward march down to the Kappa Phi house and get punched.

APRIL 21—Great accident in town. George Ewart gets to church on time for the third consecutive Sunday.

APRIL 22—Irving Stoddard smears his entire class in Soph History.

APRIL 23—Red Morris sends "Her" letter home.

APRIL 24—Hooker does away with his hirsute adornment.

APRIL 25—Dr. Hunt gives us his farewell address. Lots of good advice and tells us like obedient children, to be good.

APRIL 26—Edward Ott gives his lecture "Sour Grapes".

APRIL 27—Beat Otterbein 7-6. Miss Mitchell gives a recital for the Sem chapel song books. "Maybe she did". The Betas supplant Barnum & Bailey's and give a side show on the Sem Campus.

APRIL 29—Willie locks Adkins in his recitation room.

APRIL 30—Prexy entertains the Seniors. 1914 boys go on a spree. The Freshman president and Roudebush take a midnight tramp to the Sem.

MAY 1—Juniors get up at four-thirty and go through the usual rites. Class bucks galore; Calculus, English, Soph history. Girls Glee club concert at Town Hall.

MAY 2—Help! Fire! Murder! Johnny makes an announcement and cracks a good joke in Chapel.

MAY 3—Tennis teams take on O. W. U. at the Shepardson-Fiji court. Mrs. Bunyan Spencer dies. Denison 5, Ohio State 2.

MAY 4—Juniors receive their Adytums.
O. U. 12. D. U. 0. Baseball.
O. U. 53. D. U. 82. Track.

MAY 5—Didn't get a full nap in church as Dr. Baldwin only preached $17\frac{1}{2}$ minutes.

MAY 6—1913 puts out "The Best Adytum Yet", and really it is a good one. Second touchdown for 1914. 1914-1. 1915-0.

MAY 7—Freshmen hay ride, naughty children. Walking privileges begin.

DENISON UNIVERSITY

MAY 8—Summer is here. Willie removes his spats and takes unto himself a straw hat.

MAY 9—Dean entertains her class at a moving picture show. Denisonian prints the so-called "Honor System"?

MAY 10—State defeats Denison in baseball 2-0. Phi Gams entertain at a Garden party.

MAY 11—Alpha Nu Sigs have a hay ride to their house. Another man goes crazy otherwise known as Henry Stevens and gives away a diamond ring.

MAY 13—Johnny's boon companion dies, otherwise known as, "CANIS FAMILIARIS".

MAY 14—Biefeld announces "Junior Hop". Dutch locks out "The Students"? from his Soph German class and Vid Critchfield asks those who buck, what they go to school for anyway. Gee—I wish I knew.

MAY 15—President Taft speaks in Newark. Are the girls so to be revered that all the boys stay away from Chapel on Wednesday mornings? Ada Roudebush elected Queen of Field Day.

MAY 16—"Honor System"??? goes into Denison University. Calliope banquet.

MAY 17—Beta hay ride and no rain.

MAY 18—Shepardson girls defeated in Tennis tournament by Cincinnati.

Wooster 4. Denison 5. 10 innings.
Wooster 50. Denison 68. Track meet.

MAY 19—Price forgets to testify in Y. M. C. A.

The public may be somewhat surprised at the first appearance of the amphibian in this book, and it is deemed best to offer some explanation. See page 174.

No other purposes than those typified in the badge have been revealed and those familiar with the habits of the animal are as much in the light as to the purposes of as we are.

Let us gaze at the anatomy of the alligator:

We have "The Walking Dictionary", wisest of the wise, propounder of much wisdom and long words. How fitting that on the same breast that bears the golden key should also appear the badge of honor, the reptile unsurpassable.

Next we have "Cliff"; (A cliff is a species of bluff.) propounder of much words and little wisdom, trusty son of a trusty trustee. We congratulate "Cliff" on this recognition of his accomplishments.

Now we come to "By Gee," virtue personified. He neither drinks, smokes, gambles or chews. We wonder why "By Gee" has his face on the slimy back of the slimy reptile, but it is there all right and we must honor his name.

Coming to the class of '13, alligators seem to be fond of "Fish", and that member seems to have been

R. D. FERRIS, Agt. Granville, O.

taken in gym. pants and all, though the latter must have been exceedingly hard to digest. Let us consider "Fish", a worthy recipient of this distinction.

Next we come to another of the wise men, "Konch," the student and "Konch" the warbler. It is thought that he was given this honor for his efficient work in piloting the senior basketball team through a hard and treacherous season. "Konch" is undoubtedly in every way worthy.

Here is "Pinky". "Pinky got there because of his scholastic record. If not for this reason, it was for being at the Y. M. C. A. every Sunday morning. It is altogether fitting that "Pinky's" name should be on the roll of the most honored organization in school.

Next we have a brother from across the seas. Alligators are not "Finny" but the senior president got in after seventeen ballots were cast because of his love for "Scotch" and the "Crawlers" are very proud of him.

You now have seen the animal part by part, and know much more about it, than if you had watched it in its native haunts, basking in the hot sun, swimming through muddy water after naked piccaninnies or heard its loud bellowings throughout a hot tropical night.

The youth walked boldly up the steps, presented then his card,
He glanced around, sat down content, awaiting his reward.
She came, ah precious afternoon, why coulds't not last all day
On shaking hands they meekly took a corner by the way.
The room was small, yea, far too small for couples three or four
And with their advent our hero youth cast glances toward the door.
Although the afternoon be bad yet pray, we take a stroll
A little walk—a little talk mayhaps a little call.
The very thing, she soft replied our parson Rev. Newell
Would gladly welcome both of us to talk of Sunday School.
The youth and maiden's course bore straight to Parson Newell's home
Thought he—the circumstances all decree a reason why they've come.

The Granville Bank Co.

OUR Board of Directors is made up of some of the most successful business men of the town. They give the affairs of the bank the same care which they bestow upon their private business. If a patron of ours your interests receive their careful attention.

No doubt said he, you wish to be like one who pays a little fee
But then the couple stepped inside and from reports both far and wide,
The secret still remains.

MORAL

Flads and lassies when together
In sunny or in rainy weather.
A parson's home should be a haven seldom used.
Although their actions speak demurely
No fair co-ed can state quite surely
Why Bell and Frank paid the call on Parson Newell.

Why not be a Salesman?

Unaddressed Male

Miss Loomis wrote a little note
And sent it up the hill
To Sophomore History class one day
It's message to fulfill.

The note was somewhat personal
But that makes little diff
Because t'was handed to Prof. Kull
Who read it in a jiff.

A tinge of carmine then arose
Upon the good man's cheek
He fumbled desperately the note
Then answered rather meek.

As near as I can see, said he
The note was not quite meant for me
Because you see 'twould not agree
With men upon the faculty.

Song of the Merry Co-ed who often engages one
for an evening.

I.

Oh, those humpbacked hollow chairs
Oh, those humpbacked hollow chairs
Oh, those humpbacked hollow chairs
 In old Stone Hall.

Would you call them chairs of ease
When your chin rests on your knees
Oh, those humpbacked hollow chairs
 In old Stone Hall.

II

Oh, those humpbacked hollow chairs
Oh, those humpbacked hollow chairs
Oh, those humpbacked hollow chairs
 In old Stone Hall.

When you sit in them and think
They remind you of the kitchen sink
Oh, those humpbacked hollow chairs
 In old Stone Hall.

The College Press

HAT we have to sell the college public is not merely paper, ink, type and presses—these are to be had almost everywhere, almost at your own price. But the cultivated mind which can transform the type materials into a beautiful and compelling message: Intelligent service, efficiency, good taste, ideas, sanity, dignity, character; these are the things we have to sell, and these are the things which have already given our Press, less than two years old, a place in the good opinion of particular buyers.
